(6) The commission may issue subpoenas for the attendance of witnesses before it and administer oaths to such witnesses whenever, in the judgment of the commission, it is necessary to do so for the effectual discharge of its duties. Any person failing to appear before the commission at the time and place specified in said summons, or refusing to testify, shall be deemed guilty of a misdemeanor and upon conviction by a court of competent jurisdiction shall be punished by a fine of not more than one thousand dollars ($1,000) or by imprisonment for not more than six (6) months, or both. False swearing on the part of any witness shall be deemed perjury and punished as such.

(7) The commission shall have authority to compel any racing association licensed under KRS 230.210 to 230.360 to file with the commission at the end of its fiscal year, a balance sheet, showing assets and liabilities, and an earnings statement, together with a list of its stockholders or other persons holding a beneficial interest in the association.

Section 4. KRS 230.300 is amended to read as follows:

(1) Any person desiring to conduct thoroughbred racing *and appaloosa racing at a thoroughbred race meeting* within the commonwealth of Kentucky during any calendar year shall first apply to the commission for a license to do so. The application shall be filed at the commission's general office on or before a day fixed by the commission. The application shall specify the location of the track and the days on which racing is desired to be conducted or held and shall be in the form and contain such other information and data as the commission may, by rule require.

(2) The commission shall as soon as practicable, but in no event later than March 1 in any calendar year award dates for racing in the commonwealth during the year. In the event scheduled racing is canceled by reason of flood, fire, or inclement weather, the commission may award after March 1 additional racing dates to make up for those dates canceled by such flood, fire, or inclement weather. The commission may

issue such license to conduct a thoroughbred race meeting to any association making the aforesaid application if the commission finds that the proposed conduct of racing by such association would be in the best interest of the public health, safety, and welfare of the immediate community as well as to the commonwealth, and if by reason of financial stability, track location, traffic flow, facilities for the public, facilities for racing participants and horses, character and reputation for honesty of all persons identified with the association, competence of proposed racing officials and association employes, absence of conflict with other race meetings in time and patronage area, sentiment of the community in which such association proposes to conduct a race meeting, and capability to comply with the rules and rulings of the commission, the licensing of such association would serve to nurture, promote, develop, or improve the thoroughbred industry in the commonwealth. As a condition precedent to the issuance of such license, the commission may require a surety bond or other surety conditioned upon the payment of all taxes due the commonwealth, together with the payment of operating expenses including purses and awards to owners of horses participating in races.

(3) Every license issued under KRS 230.210 to 230.360 shall specify among other things the name of the person to whom issued, the address and location of the track where the thoroughbred race meeting to which it relates is to be held or conducted, and the days and hours of the day when the meeting will be permitted.

(4) A license issued under this section is neither transferable nor assignable and shall not permit the conduct of a thoroughbred race meeting at any track not specified therein. However, if the track specified becomes unsuitable for thoroughbred racing *or appaloosa racing* because of flood, fire or other catastrophe, the commission may, upon application, authorize the meeting, or any remaining portion thereof, to be conducted at any other suitable track available for that purpose, provided that the owner of such track willingly consents to the use thereof.

(5) Thoroughbred racing dates may be awarded and licenses issued authorizing thoroughbred racing *and appaloosa racing at a thoroughbred race meeting* on any day of the year except Sundays. No thoroughbred racing *or appaloosa racing at thoroughbred race meetings* shall be held or conducted on any Sunday. Thoroughbred racing *or appaloosa racing at thoroughbred race meetings* shall be held or conducted only between sunrise and midnight.

(6) The commission may at any time require the removal of any official or employe of any association in those instances where it has reason to believe that the official or employe has been guilty of any dishonest practice in connection with thoroughbred racing *or appaloosa racing at a thoroughbred race meeting* or has failed to comply with any condition of his license or has violated any law or any rule or regulation of this commission.

(7) Every thoroughbred race not licensed under this section *or appaloosa race not licensed by this section or KRS 230.410 to 230.447* is hereby declared to be a public nuisance and the commission may obtain an injunction against the same in the circuit court of the county where the unlicensed race is proposed to take place.

Section 5. KRS 230.310 is amended to read as follows:

Every person not required to be licensed under KRS 230.300 who desires to participate in thoroughbred racing *or appaloosa racing at a thoroughbred race meeting* in the commonwealth as a horse owner, trainer, jockey, apprentice jockey, agent, stable employe, racing official, association employe, or employe of a person or concern contracting with the association to provide a service or commodity and which requires their presence on association grounds during a race meeting, or veterinarian, farrier, horse dentist, or supplier of food, tack, medication, or horse feed, shall first apply to the commission for a license to participate in such activity on association grounds during a race meeting. No person required to be licensed by this section may participate in any activity required to be licensed on association grounds during a race meeting without a valid license therefor. The commission may issue a license if it finds that the financial responsibility, age, experience, reputation, competence, and general fitness of the applicant to perform the activity permitted by a license, are consistent with the best interest of racing and the maintenance of the honesty, integrity, and high quality thereof. Such license shall be issued for the calendar year in which it is issued and may be renewed by the commission. The license shall be valid at all thoroughbred race meetings in the commonwealth during the period for which it is issued unless suspended or revoked under the rules and regulations prescribed by the commission under this chapter.

Section 6. KRS 230.320 is amended to read as follows:

(1) Every license granted under KRS 230.210 to 230.360 is subject to revocation or suspension by the commission in any case where it has reason to believe that any provision of KRS 230.210 to 230.360 or rule, regulation or condition of the commission affecting it has not been complied with or has been broken or violated. The commission in the interest of honesty and integrity of thoroughbred horse racing *and appaloosa horse racing* may prescribe rules and regulations under which any license may be denied, suspended or revoked.

(2) If any license is denied, suspended or revoked the commission shall state publicly its reasons for the suspension or revocation and shall cause an entry of such reasons to be made on its record book. The action

of the commission in denying, suspending or revoking any license issued under KRS 230.210 to 230.360 is final except that such action is subject to review by any court of competent jurisdiction. The action of the commission shall remain in full force and effect until reversed or modified by a valid order of such court.

Section 7. KRS 230.340 is amended to read as follows:

(1) The commission shall adopt rules governing and regulating mutuel wagering on thoroughbred races *and Appaloosa races at a thoroughbred race meeting* under what is known as the pari-mutuel system of wagering. Such wagering shall be conducted only by a person licensed under KRS 230.210 to 230.360 to conduct a thoroughbred race meeting and only upon the licensed premises and on the dates and hours for which racing has been authorized by the commission. The pari-mutuel system of wagering shall be operated only by a totalizator or other mechanical equipment approved by the commission. The commission shall not require any particular make of equipment.

(2) In no event shall the operation of a pari-mutuel system for betting where authorized by law constitute grounds for the revocation or suspension of any license issued and held under KRS 230.350.

(3) All reported but unclaimed pari-mutuel winning tickets held in this state by any person or association operating a pari-mutuel or similar system of betting at thoroughbred race meetings shall be presumed abandoned within the meaning of KRS chapter 393, if not claimed by the person entitled thereto within two (2) years from the time the ticket became payable.

Section 8. KRS 230.360 is amended to read as follows:

(1) KRS 230.210 to 230.360 are not applicable to trotting or pacing meets or races conducted in this state *nor to Appaloosa racing and quarter horse racing licensed under KRS 230.410 to 230.447.*

(2) The provisions of KRS 230.210 to 230.360 are intended to be statewide and exclusive in their effect and no city, county or other political subdivision of state government shall have the power or authority to make or enforce any local laws, ordinances or regulations on the subject of thoroughbred race meetings. Any person licensed under KRS 230.300 shall continue to pay, or be responsible for the payment of, all state taxes presently imposed by law, including but without limitation, license taxes imposed under KRS 137.170 to 137.190, and KRS 137.990 together with admission taxes imposed by KRS 138.480 to 138.490, and the pari-mutuel taxes imposed by KRS 138.510 to 138.550, and all state, as well as local, ad valorem taxes; Provided, however, no tax shall be imposed by the state or any subdivision thereof upon, or measured by, that portion of the excise tax imposed upon pari-mutuel betting at running and trotting horse race tracks which is collected and retained by the operators thereof under the provisions of KRS 138.510 to 138.550, both inclusive.

Section 9. KRS 230.420 is amended to read as follows:

(1) The commission may prescribe the regulations and conditions under which quarter horse or Appaloosa races *other than Appaloosa races conducted at thoroughbred race meetings* shall be conducted in this state.

(2) An association desiring to conduct quarter horse or Appaloosa races may annually apply to the commission for a license. If in the judgment of the commission a proper case for issuance is shown, it may grant the license for a term of one year. Every license shall contain a condition that all quarter horse or Appaloosa races or meetings conducted under it shall be subject to the regulations and conditions from time to time prescribed by the commission.

(3) A license shall be revocable by the commission for any violation of it or whenever the continuance of the license is deemed by the commission not conducive to the interests of legitimate racing. If a license is refused or revoked, the commission shall publicly state its reasons for the refusal or revocation and those reasons shall be written in full in the minute book of the commission, which shall at all times be subject to inspection by anyone desiring to inspect it. A refusal of the commission to grant to any quarter horse or Appaloosa association a license, or to assign any quarter horse or Appaloosa association at least forty days in each year, if desired for quarter horse or Appaloosa races or meetings at the track of the association, and the revocation of the license of any association shall be subject to judicial review.

Section 10. KRS 230.423 is amended to read as follows:

(1) No quarter horse or Appaloosa race *other than an Appaloosa race conducted at a thoroughbred race meeting licensed by the State Racing Commission* shall be conducted except at an association licensed by the Commission.

(2) No person shall operate or participate in any quarter horse or Appaloosa race meeting at which quarter horse or Appaloosa racing *other than Appaloosa racing conducted at a thoroughbred meeting licensed by the State Racing Commission* is permitted for a prize or stake, unless the race meeting has been licensed under KRS 230.410 to 230.447.

(3) Every quarter horse or Appaloosa race not licensed under KRS 230.410 to 230.447 *or 230.210 to 230.360* is a public nuisance, and the Commission may obtain an injunction against it on the circuit court of the county where the unlicensed race is proposed to take place.

Section 11. KRS 230.447 is amended to read as follows:

(1) The commission shall adopt rules governing and regulating mutuel wagering on quarter horse or Appaloosa races *licensed under the provisions of KRS 230.410 to 230.447* under what is known as the pari-mutuel system of wagering. Such wagering shall be conducted only by a person licensed under KRS 230.410 to 230.447 to conduct a quarter horse or Appaloosa race meeting and only upon the licensed premises and on the dates and hours for which racing has been authorized by the commission. The pari-mutuel system of wagering shall be operated only by a totalizator or other mechanical equipment approved by the commission. The commission shall not require any particular make of equipment.

(2) In no event shall the operation of a pari-mutuel system for betting where authorized by law constitute grounds for the revocation or suspension of any license issued and held under KRS 230.410 to 230.447.

(3) All reported but unclaimed pari-mutuel winning tickets held in this state by any person or association operating a pari-mutuel or similar system of betting at quarter horse race meetings shall be presumed abandoned within the meaning of KRS Chapter 393, if not claimed by the person entitled thereto within two years from the time the ticket became payable.

Section 2. KRS 186.045 is amended to read as follows:

(1) Financing statements relating to vehicles required to be registered in Kentucky by the county clerk shall be filed in the office of the county clerk of the county in which the debtor resides or, if the debtor is a nonresident, in the office of the county clerk in which the vehicle is principally operated.

(2) (a) Whenever a financing statement required by KRS Chapter 355 relating to any vehicle registered or required to be registered in Kentucky for use on the highway is presented to a county clerk for filing, such clerk shall also immediately note information required by the department relative thereto on the owner's copy of the registration or transfer receipt issued for the current registration period as noted in subsection (2) of KRS 186.170, which the secured party must obtain and present to the county clerk, along with the financing statement, within ten days after execution of the security agreement. The clerk shall also note such information on the clerk's copy of the registration or transfer receipt maintained in his office in numerical order. The clerk noting the information on the owner's copy of the registration or transfer receipt shall return such receipt to the owner within five days after making such notation. For filing the financing statement, the clerk shall collect a fee of *four* [three] dollars *($4.00)* [and seventy-five cents] from the secured party and, in addition, for noting the security interest on the required receipts, the clerk shall collect from the secured party a fee of *one dollar ($1.00)* [eighty-five cents] for each motor vehicle included on the financing statement.

(b) Whenever a financing statement affecting a vehicle is presented to a county clerk for filing in any county other than the one in which the current receipt was issued, the county clerk shall, in addition to the other requirements of this section, mail a notice of the security interest on a form furnished by the department to the clerk of the county in which the current receipt was issued. Upon receipt of said notice, the county clerk shall attach it to the copy of the current receipt on file, maintained in numerical order, in the county clerk's office and note the security interest on the clerk's copy of the receipt.

(3) For failure to present both the current receipt and financing statement within the time prescribed by subsection (2) (a), the secured party shall pay a penalty of two dollars ($2.00) to the county clerk as a prerequisite for noting the security interest on the current receipt. The penalty, less the county clerk's commission of five per cent (5%), shall be remitted to the department.

(4) Whenever a perfected security interest is assigned, the assignor shall immediately give a statement of assignment to the assignee and at the same time deliver another copy of such statement to the debtor. The assignee shall, within thirty (30) days thereafter, present a copy of the statement of assignment to the county clerk in whose office the financing statement is on file. Upon receipt of the assignment, the county clerk shall mark the same as provided in subsection (2) of KRS 355.9-405 and attach it to the original financing statement. For this service the county clerk shall collect a fee of seventy-five cents (75) from the assignee.

(5) Whenever a security interest has been discharged, other than by proceedings under KRS 355.9-501 through 355.9-507 or similar proceedings, the secured party shall, within fifteen (15) days thereafter, deliver a termination statement in the manner required by KRS 355.9-404 to the county clerk of the county in which the financing statement is filed. For failure to file the termination statement within the allowable time, the secured party shall be subject to the penalty provided in KRS 186.990 (1). Within five (5) days after the receipt of such documents, the county clerk shall note the filing in the index and, in addition, note on the clerk's copy of the current receipt maintained in his office in numerical order, in language prescribed by the department that the termination statement has been filed. Upon presentation of the owner's copy of the receipt showing such security interest, the clerk shall also note on such receipt that the termination statement has been filed and place the seal of the county clerk thereon. The clerk shall return the owner's receipt to the owner. The county clerk shall remove the financing statement from his files, mark "terminated" thereon and send or deliver it to the secured party along with any continuation statement, statement of assignment or statement of release pertaining thereto. The county clerk shall then file the termination statement in the place from which the financing statement was removed. Termination statements must be retained in the clerk's files for a period of two (2) years subsequent to the date of filing such statement, at which time they may be destroyed. No fee shall be collected for these services by the clerk. Once a security interest has been noted on the owner's copy of a registration or transfer receipt, no subsequent registration or transfer receipt may be issued by any county clerk free of such notation unless the owner's copy of the current receipt is presented to the clerk and it has noted thereon by the proper county clerk that the termination statement therefor has been

filed. If this requirement is met, information relating to any security interest shown on the receipt as having been terminated may be omitted from the receipt to be issued by the clerk.

(6) Whenever any secured party repossesses a vehicle registered with a county clerk, for which a financing statement has been filed, and disposes of such vehicle pursuant to the provisions of KRS chapter 355, he must present, within fifteen (15) days after such disposition, an affidavit in form prescribed by the department and a termination statement or proof that such termination statement has been filed. The new owner shall pay all applicable fees for registering and transferring the vehicle to the county clerk. Upon receipt of such documents, the county clerk who issued the current receipt shall then omit from the registration or transfer receipt he issues, any information relating to the security interest under which the vehicle was repossessed or any security interest subordinate thereto. However, any security interest, as shown by such clerk's copy of the current receipt, which is superior to the one under which the vehicle was repossessed, must be shown on the receipt issued by the clerk unless the prior secured party has terminated such security interest in such clerk's office or proof of termination is submitted in case such prior security interest was discharged in another clerk's office.

(7) Whenever any vehicle brought into this state is required to be registered with a county clerk and such vehicle is then subject to a security interest in another state as shown by the out of state documents presented to the clerk, the county clerk is prohibited from registering the vehicle unless the owner obtains from the secured party a financing statement and presents same to the clerk along with all fees due. Such a financing statement must conform to the requirements of subsection (3) of KRS 355.9-402. The clerk shall note the out of state security interest on the new registration receipt and on the clerk's copy thereof. This provision does not apply to vehicles required to be registered in Kentucky under forced registration provisions under KRS 186.145. The penalty provided in subsection (3) of this section shall not apply to this subsection.

(8) The fees provided for in this section are in addition to any state fee provided for by law.

(9) Any person violating any provision of this section or any person refusing to surrender a registration or transfer certificate upon request of any person entitled thereto, is subject to the penalties provided in subsection (1) of KRS 186.990.

(10) The county clerk is prohibited from filing any financing statement on any vehicle subject to the provisions of this section if a registration or transfer receipt therefor is presented to him which has all the spaces provided thereon for noting security interests fully exhausted. The owner must see to it that a termination statement is filed for each discharged security interest and then a duplicate receipt as provided for in KRS 186.180 must be obtained from the clerk by the owner of the vehicle.

(11) Security interests in vehicles sold to or owned by residents of other states must be perfected in the state of such nonresident and repossession of the vehicle must be taken pursuant to the laws of such state, unless the vehicle is principally operated in Kentucky and is properly registered herein under KRS 186.020 and the security interest is authorized to be filed with the county clerk under KRS 355.9-401. However, a security interest on any vehicle which is not used on the public highways and for that reason is not required to be registered for highway use may be filed with the county clerk as otherwise permitted under KRS chapter 355.

Section 3. KRS 186.190 is amended to read as follows:

(1) Whenever a motor vehicle that has been previously registered changes ownership, the registration plate shall remain upon such motor vehicle as a part of it until the expiration of the registration year.

(2) No person shall sell or trade any motor vehicle without delivering to the county clerk of the county in which the sale or trade is made the registration receipt issued on the motor vehicle for the current year and the bill of sale.

(3) Upon delivery of the registration receipt and the bill of sale to the county clerk of the county in which the sale or trade was made, the seller shall pay to the county clerk a transfer fee of one dollar ($1.00), which shall be remitted to the department of revenue. The county clerk shall thereupon issue to the purchaser a transfer of registration bearing the same data and information as contained on the original registration receipt, except the change in name and address. The seller shall pay to the county clerk a fee of *two dollars ($2.00)* [one dollar ($1.00)] for his services.

(4) Whenever a county clerk issues to a purchaser a transfer of registration in a county other than the one in which the motor vehicle was originally registered, the clerk shall immediately mail one (1) copy of the transfer of registration to the clerk of the county of original registration.

(5) If the owner junks or otherwise renders a motor vehicle unfit for future use, he shall deliver the registration plate and registration receipt to the county clerk of the county in which the motor vehicle is junked. The county clerk shall immediately return the plate and receipt to the department of revenue. The owner shall pay to the county clerk fifty cents (50) for his services.

(6) A licensed motor vehicle dealer shall not be required to pay the transfer fee provided by this section, but shall be required to pay the county clerk's fee provided by this section.

(7) The registration receipt issued by the clerk under this section shall contain information as required by the department of motor transportation.

Section 4. KRS 355.9-403 is amended to read as follows:

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) A filed financing statement which states a maturity date of the obligation secured of five years or less is effective until such maturity date and thereafter for a period of sixty days. Any other filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such sixty day period after a stated maturity date or on the expiration of such five year period, as the case may be, unless a continuation statement is filed prior to the lapse. Upon such lapse the security interest becomes unperfected. A filed financing statement which states that the obligation secured is payable on demand is effective for five years from the date of filing.

(3) A continuation statement may be filed by the secured party (a) within six months before and sixty days after a stated maturity date of five years or less, and (b) otherwise within six months prior to the expiration of the five year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and date filed and state that the original statement is still effective. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it.

(4) A filing officer shall mark each statement with a consecutive file number and with the date and hour of filing and shall hold the statement for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) Notwithstanding the provisions of KRS Chapter 64, the uniform fee for filing and indexing an original or a continuation statement shall be *$4.75* [$3.75]. This fee includes the fee for filing and indexing a termination statement and for sending or delivering the terminated instrument and financing statement. The uniform fee for furnishing filing data for an original or a continuation statement shall be $3.00.

HB 793, AN ACT relating to motor vehicle certificates of title.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS Chapter 186A is hereby established and a new section thereof is created to read as follows:

(5) "Lien" means every kind of written lease which is substantially equivalent to an installment sale or which provides for a right of purchase; conditional sale; reservation of title; deed of trust; chattel mortgage; trust receipt; and every written agreement or instrument of whatever kind or character whereby an interest other than absolute title is sought to be held or given on a motor vehicle.

(6) "Lienholder" means any person, firm, copartnership, association, or corporation holding a lien as herein defined on a motor vehicle.

(2) Any dealer, acting for himself or another, who sells, trades or otherwise transfers any vehicle required to be titled under this Act who does not comply with the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be fined in a sum not exceeding five hundred dollars ($500).

Section 4. A new section of KRS Chapter 186A is created to read as follows:

The Commissioner of the Department of Revenue or county clerk may perform their duties under this Act either personally or through any of their deputies.

Section 5. A new section of KRS Chapter 186A is created to read as follows:

(1) The application for the first certificate of title of a vehicle in this state shall be made by the owner to the county clerk, on the form the Deparment prescribes, and shall contain:

(a) The name, current residence and mailing address of the owner;

(b) A description of the vehicle including the following data: year, make, model, vehicle identification number, type of body, the number of cylinders, and whether new or used;

(c) The date of purchase by applicant, the name and address of the person from whom the vehicle was acquired, and the names and addresses of any lienholders in the order of their priority and the dates of their security agreements; and

(d) Such other information as the Department may require.

(2) If the application is for a vehicle purchased from a dealer, it shall contain the name and address of any lienholder holding a security interest created or reserved at the time of the sale and the date of his security agreement and must be signed by the dealer as well as the owner, and the county clerk shall promptly mail or deliver the application to the Department.

(3) If the application is for a new vehicle, it shall be accompanied by the certified manufacturer's statement of origin showing proper assignments to the applicant and a copy of each security interest document. The manufacturer upon the shipment of a motor vehicle into this state shall forthwith furnish the dealer with such a certified statement of origin.

(4) Each application shall contain or be accompanied by the certificate of the county clerk that the vehicle has been physically inspected by him; that the vehicle identification number and descriptive data shown on the application, pursuant to the requirements of subsection (1) (b) of this section, are correct, and that he identified the person signing the application and witnessed the signature.

(5) If the application is for a first certificate of title on a vehicle other than a new vehicle, then the application shall conform with the requirements of this section except that in lieu of the manufacturer's statement of origin, the application shall be accompanied by a copy of the notarized bill of sale of said motor vehicle whereby the applicant claims title or in lieu thereof certified copies of the last two (2) years' license tag and tax receipts and such other information as the Department may reasonably require to identify the vehicle and to enable the Department to determine the ownership of the vehicle and the existence or nonexistence of security interests in it.

(6) If the application refers to a vehicle last previously registered in another state or country, the application shall contain or be accompanied by:

(a) Any certificate of title issued by the other state or country; and

(b) Such other information and documents as the Department may reasonably require by rules and regulations to establish the ownership of the vehicle and the existence or nonexistence of security interests in it;

(c) The certificate of the county clerk that the vehicle has been physically inspected by him, that the vehicle identification number and descriptive data shown on the application pursuant to subsection (1) (b) of this section are correct and such other proof of the identity of the vehicle as the Department may reasonably require.

(7) Every county clerk within this state shall, no later than the next business day after an application is received by him, forward the same to the Department by mail, postage prepaid, with such other evidence of title as may have been delivered to him by the applicant, along with the required fee as hereinafter provided.

Section 6. A new section of KRS Chapter 186A is created to read as follows:

(1) The Department upon receiving an application for certificate of title shall check the vehicle identification number shown in the application against the record of stolen or converted vehicles maintained by it.

(2) The Department shall examine each application received and, when satisfied that the applicant is entitled to the issuance of a certificate of title, shall issue a certificate of title to the vehicle on the form prescribed by the Department.

(3) The Department shall maintain a record of all certificates of title issued pursuant to the provisions of this Act:

(a) Under a distinctive title number assigned to the vehicle;

(b) Under the vehicle identification number;

(c) Under the name of the owner; and

(d) In the discretion of the Department, by any other method the Department determines.

Section 7. A new section of KRS Chapter 186A is created to read as follows:

(1) The rules and regulations promulgated by the Department shall make suitable provisions for the use by an applicant of the duplicate copy of his application for a certificate of title to serve as a permit for the operation of the motor vehicle described in the application until the Department either issues the certificate of title of such motor vehicle or refuses to issue the certificate; and every county clerk receiving an application for the certificate of title, when the provisions of this Act have been otherwise complied with, shall deliver to

the applicant the duplicate copy of his application which shall contain a suitable permit for the purposes mentioned in this subsection.

(2) In the event the Department refuses to issue the certificate of title, the applicant shall, immediately upon receiving written notice from the Department that such certificate will not be issued for the reason stated in the notice, deliver or mail to the Department by registered mail the duplicate copy of his application containing the permit mentioned in subsection (1) of this section and the current license tag which was issued for the vehicle; and the motor vehicle described in said application shall not be operated on the highways or other public places of this state after the applicant receives notice that the certificate will not be issued unless its operation is subsequently authorized by the Department either by the issuance of a new permit or certificate of title. If for any reason the said duplicate copy of the application for certificate of title and the current license tag which were issued for the vehicle in question are not received by the Department within ten (10) calendar days after the Department mails written notice to the applicant that it will not issue the certificate of title applied for, the Department, or at the request of the Department, any Kentucky state policeman, sheriff, or other peace officer of this state, is authorized and empowered to and shall require and compel the surrender of said duplicate copy of the application for certificate of title and the said current license tag; and the Department, after it obtains possession of said duplicate copy of application for certificate of title and said current license tag, is authorized to retain same until it is satisfied that said applicant is entitled to receive a certificate of title to the vehicle in question.

Section 8. A new section of KRS Chapter 186A is created to read as follows:

(1) Each certificate of title issued by the Department shall contain:

(a) The date issued;

(b) The name and current address of the owner;

(c) The names and addresses of any lienholders in the order of priority as shown on the application, or if the application is based on a certificate of title, as shown on the certificate;

(d) The title number;

(e) A description of the vehicle including the following data: year, make, model, vehicle identification number, type of body, number of cylinders, whether new or used, and if a new vehicle the date of the first sale of the vehicle for use; and

(f) Any other data the Department prescribes by rules and regulations.

(2) Unless security is furnished as provided in section 10, a distinctive certificate of title shall be issued for a vehicle last previously registered in another state or country, the laws of which do not require that lienholders be named on a certificate of title to perfect their security interest. The certificate shall contain the legend, "This vehicle may be subject to an undisclosed lien" and may contain any other information the Department prescribes by rules and regulations. If no notice of a security interest in the vehicle is received by the Department within four (4) months from the issuance of the distinctive certificate of title, the Department shall, upon application and surrender of the distinctive certificate, issue a certificate of title in ordinary form.

(3) The certificate of title shall contain forms for assignment and warranty of title by the owner, and for assignment and warranty of title by a dealer, and may contain forms for applications for a certificate of title by a transferee, the naming of a lienholder and the assignment or release of the security interest by a lienholder.

(4) A certificate of title issued by the Department is prima facie evidence of the facts appearing on it.

(5) A certificate of title to a vehicle is not subject to garnishment, attachment, execution or other judicial process, but this subsection does not prevent a lawful levy upon the vehicle.

Section 9. A new section of KRS Chapter 186A is created to read as follows:

The certificate of title shall be mailed to the first lienholder named in it or, if none, to the owner. A nontransferable duplicate certificate of title shall be mailed to the owner to serve as a permit for the operation of the motor vehicle.

Section 10. A new section of KRS Chapter 186A is created to read as follows:

If the Department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the Department may accept the application but shall either:

(1) Withhold issuance of a certificate of title until the applicant presents documents reasonably sufficient to satisfy the Department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests on it; or

(2) As a condition of issuing a certificate of title, require the applicant to file with the Department a bond in the form prescribed by the Department and executed by the applicant, and either accompanied by the deposit of cash with the Department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the Department and conditioned to indemnify any prior owner and lienholder and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security

interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three (3) years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the Department, unless the Department has been notified of the pendency of an action to recover on the bond.

Section 11. A new section of KRS Chapter 186A is created to read as follows:

The Department shall refuse issuance of certificate of title if any required fee is not paid or if the Department has reasonable grounds to believe that:

(1) The applicant is not the owner of the vehicle;

(2) The application contains a false or fraudulent statement; or

(3) The applicant fails to furnish required information or documents or any additional information the Department reasonably requires.

Section 12. A new section of KRS Chapter 186A is created to read as follows:

(1) If a certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the first lienholder or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the Department, shall promptly make application for and may obtain a replacement upon furnishing information satisfactory to the Department and payment of the fee as hereinafter required. The replacement certificate of title shall contain the legend, "This is a replacement certificate and may be subject to the rights of a person under the original certificate." It shall be mailed to the first lienholder named in it, or, if none, to the owner.

(2) The Department shall not issue a new certificate of title to a transferee upon application made on a replacement certificate until fifteen (15) days after receipt of the application.

(3) A person recovering an original certificate of title for which a replacement has been issued shall promptly surrender the original certificate to the Department.

Section 13. A new section of KRS Chapter 186A is created to read as follows:

(1) If an owner transfers his interest in a vehicle, other than by the creation of a security interest, he shall, at the time of the delivery of the vehicle, execute an assignment and warranty of title to the transferee in the space provided therefor on the certificate or as the Department prescribes, and cause the certificate and assignment to be mailed or delivered to the transferee or to the Department.

(2) Except as provided in section 14, the transferee shall, promptly after delivery to him of the vehicle, execute the application for a new certificate of title in the space provided therefor on the certificate or as the Department prescribes, and cause the certificate and application to be mailed or delivered to the county clerk.

(3) Upon request of the owner or transferee, a lienholder in possession of the certificate of title shall, unless the transfer was a breach of his security agreement, deliver the certificate to the transferee. Upon receipt of the certificate the transferee shall make application to a designated agent for a new certificate. The delivery of the certificate does not affect the rights of the lienholder under his security agreement.

(4) If a security interest is reserved or created at the time of the transfer, the certificate of title shall be retained by or delivered to the person who becomes the lienholder and the parties shall comply with the provisions of section 20.

(5) Except as provided in section 14, and as between the parties, a transfer by an owner is not effective until the provisions of this section have been complied with.

Section 14. A new section of KRS Chapter 186A is created to read as follows:

(1) If a dealer buys a vehicle and holds it for resale and procures the certificate of title from the owner or the lienholder within fifteen (15) days after delivery to him of the vehicle, he need not send the certificate to the Department but, upon transferring the vehicle to another person other than by the creation of a security interest, shall promptly execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale and the date of his security agreement, in the spaces provided therefor on the certificate or as the Department prescribes, and mail or deliver the certificate to a designated agent with the transferee's application for a new certificate.

(2) Every dealer and salvage dealer shall maintain for five (5) years a record in the form the Department prescribes of every vehicle bought, sold or exchanged by him or received by him for sale or exchange, which shall be open to inspection by representatives of the Department and law enforcement officers during reasonable business hours.

Section 15. A new section of KRS Chapter 186A is created to read as follows:

(1) If the interest of an owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as hereinafter provided in subsection (2) of this section, promptly mail or deliver to the county clerk the last certificate of title, if available, and proof of the transfer, together with his application for a new certificate in the form the Department prescribes.

(2) (a) If the interest of the owner is terminated or the vehicle is sold under a security agreement by a lienholder named in the certificate of title, the transferee shall promptly make application to the county clerk for a new certificate in the form the Department prescribes. The application shall be accompanied by the last certificate of title and an affidavit made by or on behalf of the lienholder that the vehicle was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement.

(b) If the lienholder succeeds to the interest of the owner and holds the vehicle for resale, he need not secure a new certificate of title but, upon transfer to another person, shall promptly mail or deliver to the transferee the certificate, affidavit and other documents required by the Department. The transferee shall promptly make application to the county clerk for a new certificate in the form prescribed by the Department.

(c) Notwithstanding anything to the contrary contained in this section, a person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall forthwith mail or deliver the certificate to the Department upon request of the Department; and the delivery of the certificate pursuant to the request of the Department does not affect the rights of the person surrendering the certificate; and the action of the Department in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

Section 16. A new section of KRS Chapter 186A is created to read as follows:

(1) The Department, upon receipt of a properly assigned certificate of title, with an application for a new certificate of title, the required fee and any other documents required by the Department, shall issue a new certificate of title in the name of the transferee as owner and mail it to the first lienholder named in it or, if none, to the owner.

(2) The Department, upon receipt of an application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner. If the outstanding certificate of title is not delivered to the Department, the Department shall make demand therefor from the holder thereof.

(3) A transferor of a vehicle other than a dealer transferring a new vehicle shall deliver to the transferee at the time of the delivery of possession of the vehicle the license plate for the vehicle. Provided, however, the license plate does not have to be delivered where a provision of law allows such plate to be retained by the owner of the vehicle.

(4) The Department shall file every surrendered certificate of title, or a microfilm of every such certificate, for a period of time deemed necessary by it in order to permit the tracing of title of the vehicle designated therein.

Section 17. A new section of KRS Chapter 186A is created to read as follows:

An owner who scraps, dismantles or destroys a vehicle and a person who purchases a vehicle as scrap or to be dismantled or destroyed shall indicate same on the back of the certificate of title and shall within seventy-two (72) hours cause the certificate of title, the motor vehicle license plate, and any other documents or information required by the Department to be mailed or delivered to the Department for cancellation. A certificate of title of the vehicle shall not again be issued except upon application containing the information the Department requires, accompanied by a certificate of inspection in the form and content specified in section 5 (4) of this Act.

Section 18. A new section of KRS Chapter 186A is created to read as follows:

This Act does not apply to or affect:

(1) A lien given by statute or rule of law to a supplier of services or materials for the vehicle;

(2) A lien given by statute to the United States, this state or any political subdivision of this state;

(3) A security interest in a vehicle created by a manufacturer or dealer who holds the vehicle for sale, but a buyer in the ordinary course of trade from the manufacturer or dealer takes title free of the security interest.

Section 19. A new section of KRS Chapter 186A is created to read as follows:

(1) Unless excepted by section 18 of this Act, a security interest in a vehicle for which a certificate of title is required by the terms of this Act is not valid against creditors of the owner or subsequent transferees or lienholders of the vehicle unless perfected as provided in this Act.

(2) A security interest is perfected by the delivery to the Department or the county clerk of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the lienholder and the date of his security agreement, a copy of the security interest document, and the required fee. It is perfected as of the time of its creation if the delivery is completed within ten (10) days thereafter, otherwise, as of the time of the delivery.

(3) If a vehicle is subject to a security interest when brought into this state, the validity of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest attached, subject to the following:

(a) If the parties understood at the time the security interest attached that the vehicle would be kept in this state and it was brought into this state within thirty (30) days thereafter for purposes other than transportation through this state, the validity of the security interest in this state is determined by the law of this state.

(b) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest attached, the following rules apply: if the name of the lienholder is shown on an existing certificate of title issued by that jurisdiction his security interest continues perfected in this state; if the name of the lienholder is not shown on an existing certificate of title issued by that jurisdiction the security interest continues perfected in this state for four (4) months after a first certificate of title of the vehicle is issued in this state, and also thereafter if within the four-month period it is perfected in this state. The security interest may also be perfected in this state after the expiration of the four-month period; in that case perfection dates from the time of perfection in this state.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest attached, it may be perfected in this state; in that case perfection dates from the time of perfection in this state.

(d) A security interest may be perfected under paragraph (b) or paragraph (c) of this subsection, either as provided in subsection (2) or, by the lienholder mailing or delivering to the county clerk or to the Department a notice of security interest in the form the Department prescribes together with documents to support the security interest as required by the Department and the required fee.

Section 20. A new section of KRS Chapter 186A is created to read as follows:

(1) The owner shall immediately execute the application in the space provided therefor on the certificate of title, or on a separate form the Department prescribes to name the lienholder on the certificate showing the name and address of the lienholder and the date of his security agreement, and cause the certificate, application and the required fee to be delivered to the lienholder.

(2) The lienholder shall immediately cause the certificate, application and required fee to be mailed or delivered to the Department.

(3) Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of title shall either mail or deliver the certificate to the subordinate lienholder for delivery to the Department, or, upon receipt from the subordinate lienholder of the owner's application and the required fee, mail or deliver them to the Department with the certificate. The delivery of the certificate does not affect the rights of the first lienholder under his security agreement.

(4) Upon receipt of the certificate of title, application and the required fee, the Department shall either endorse on the certificate or issue a new certificate containing the name and address of the new lienholder, and mail the certificate to the first lienholder named in it.

Section 21. A new section of KRS Chapter 186A is created to read as follows:

(1) A lienholder may assign, absolutely or otherwise, his security interest in the vehicle to a person other than the owner without affecting the interest of the owner or the validity of the security interest, but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the security interest and the lienholder remains liable for any obligations as lienholder until the assignee is named as lienholder on the certificate in the manner prescribed by the Department.

(2) The Department shall file each assignment received by the Department with the required fee, and note the assignee as lienholder upon the record of notices of security interests maintained by the Department.

Section 22. A new section of KRS Chapter 186A is created to read as follows:

(1) Upon the satisfaction of a security interest in a vehicle for which the certificate of title is in the possession of the lienholder, he shall, within ten (10) days after demand execute a release of his security interest, in the space provided therefor on the certificate or as the Department prescribes, and mail or deliver the certificate and release to the next lienholder named therein, or, if none, to the owner or any person who delivers to the lienholder an authorization from the owner to receive the certificate. The owner, other than a dealer holding the vehicle for resale, shall promptly cause the certificate and release to be mailed or delivered to the Department, which shall release the lienholder's rights on the certificate or issue a new certificate.

(2) Upon the satisfaction of a security interest in a vehicle for which the certificate of title is in the possession of a prior lienholder, the lienholder whose security interest is satisfied shall within ten (10) days after demand execute a release in the form the Department prescribes and deliver the release to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. The lienholder in possession of the certificate of title shall either deliver the certificate to the owner, or the person authorized by him, for delivery to the Department, or, upon receipt of the release, mail or deliver it with the certificate to the Department which shall release the subordinate lienholder's rights on the certificate or issue a new certificate.

(3) Upon receipt of the releases of security interests mentioned in subsections (1) and (2) of this subsection, the Department shall file each release in the manner prescribed by the Department and note the same upon the records of notices of security interests maintained by it.

Section 23. A new section of KRS Chapter 186A is created to read as follows:

Section 24. A new section of KRS Chapter 186A is created to read as follows:

(1) The method provided in this Act of perfecting and giving notice of security interest in motor vehicles required to be titled under the terms hereof or titled under the terms hereof, shall be exclusive.

(2) Security interests in motor vehicles required to be titled or which are titled under this Act, are hereby exempted from the provisions of law which otherwise require the filing or recording of financing statements or of other instruments creating or evidencing security interest.

(3) Security interests in motor vehicles not required to be titled under this Act or not titled under the terms hereof, which are perfected under any other applicable laws of this state shall not be affected by this Act but shall continue in all respects to be governed by such other laws of this state.

Section 25. A new section of KRS Chapter 186A is created to read as follows:

(1) The Department shall suspend or revoke a certificate of title, upon notice and reasonable opportunity to be heard in accordance with section 27, when authorized by any other provision of law or if it finds: the certificate of title was fraudulently procured or erroneously issued; or the vehicle has been scrapped, dismantled or destroyed.

(2) Suspension or revocation of a certificate of title does not, in itself, affect the validity of a security interest noted on it.

(3) When the Department suspends or revokes a certificate of title, the owner or person in possession of it shall, immediately upon receiving notice of the suspension or revocation, mail or deliver the certificate to the Department.

(4) Should any person fail to comply with the provisions of subsection (3) of this section the Department shall seize and impound the certificate of title which has been revoked. It shall also be the duty of any peace officer, on notification to him by the Department of the failure of a person to mail or deliver a revoked certificate of title to the Department, to seize and mail or deliver to the Department the revoked certificate of title.

Section 26. A new section of KRS Chapter 186A is created to read as follows:

(d) Revoke the authority of a dealer or other person appointed by the Department to act as a designated agent hereunder when it finds that such dealer or other person has failed to faithfully perform his duties under this Act.

(3) The Department shall make available information concerning the status of a title on any vehicle as reflected by the records in a manner prescribed by the Department. Such information supplied by the Department shall be considered official only if in writing. The Department shall charge the fees as set forth in section 31 provided, however, that no fee shall be charged Kentucky law enforcement agencies or law enforcement agencies of any other state when such state furnishes like or similar information without charge to the Department or to Kentucky law enforcement agencies.

Section 27. A new section of KRS Chapter 186A is created to read as follows:

A person aggrieved by an act or omission to act of the Department under this act is entitled to a hearing. Such person shall within sixty (60) days of such act or omission to act protest in writing the act or omission to act by which he is aggrieved, request the Department to take appropriate action to remedy such act or omission to act, state the grounds on which the request is based and request a hearing of the protest. On receipt of such protest the Department shall, if it finds the protest justified, comply forthwith with the request. If the Department is of the opinion that the written protest is not sufficient to justify compliance with the request, a hearing of the matter shall be set before the Department and notice thereof shall be given to the aggrieved person by registered or certified mail, return receipt requested. The hearing may be continued from time to time as deemed to be appropriate by the Department. The aggrieved person may make an appearance by written statement, in person or by attorney or agent. The court review shall be instituted by filing a petition for a hearing of the matter in the circuit court within thirty (30) days after receipt from the Department of notice of its determination of the matter. Such court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing with written notice to the Department, and thereupon to take testimony and examine into the facts of the case and determine whether the petitioner is entitled to relief and if so to grant it. Either the state or the aggrieved person may appeal to the Kentucky Court of Appeals within thirty (30) days from the rendition of a judgment by the circuit court.

Section 29. A new section of KRS Chapter 186A is created to read as follows:

HB 799, AN ACT relating to county public service programs.

WHEREAS, the income and revenues of counties in Kentucky have, as a result of the enactment of "rollback" legislation codified, inter alia, as KRS 68.245, been limited to a certain degree, and under present law it is impossible for some counties to provide to their citizens, inhabitants and taxpayers vital public service programs even though the citizens of such counties may favor such programs and may favor additional taxation to finance them within constitutional limits; and

WHEREAS, in order to enable counties within the Commonwealth of Kentucky, upon the approval of the electorate, to initiate public service programs, including programs involving new health services or expansion of existing services, and to provide or expand human service programs, it is necessary that counties be permitted to submit to their electorates public service programs and recommended financing thereof, so that such electorates may either approve or disapprove such programs and such financing;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 68 is created to read as follows:

The General Assembly of the Commonwealth of Kentucky hereby finds and determines as a legislative finding of fact that as a result of "rollback" legislation codified as KRS 68.245, current income and revenues of counties in Kentucky have become relatively stabilized, and in many counties, particularly those containing urban areas, such income and revenues are inadequate to enable such counties to provide to the citizens thereof vital and necessary public service programs, even though the citizens of such counties may favor such programs and may favor the taxation necessary to finance them, within constitutional limits. It is the intent of this Act to provide to counties within the Commonwealth of Kentucky, subject to the provisions for election set forth in this Act, additional revenues for public service programs through voted levies of ad valorem taxes and license taxes.

Section 2. A new section of KRS Chapter 68 is created to read as follows:

(1) As used in this Act unless the context requires otherwise, "public service program" shall mean any newly instituted or expanded service program to be performed by any county for the benefit of its citizens, which is approved by the electorate of such county as provided in this Act, as distinguished from the acquisition by any such county of facilities of a capital nature, including, but not limited to, the provision or expansion of human services, provision for new health services or expansion of existing services, and the provision or expansion of police and fire protection services.

(2) For the purpose of providing one or more public service programs to the citizens and inhabitants of any county, any county may submit to the electorate of such county one or more proposals for the approval of one or more public service programs to be financed by additional voted levies of ad valorem taxes upon all taxable property in such county. Such additional voted levies of ad valorem taxes upon all taxable property in any such county shall not exceed in the aggregate for all public service programs approved by the electorate, the limits prescribed by the Constitution of Kentucky for any such county.

(3) For the purpose of providing public service programs to the citizens and inhabitants of any county, any county may submit to the electorate of such county one or more proposals for the approval of one or more public service programs, to be financed by voted levies of occupational license fees. Such voted levies of occupational license fees in any county shall not exceed in the case of each individual public service program approved by the electorate, one-half of one percent (1/2 of 1%) of salaries, wages, commissions and other compensation earned by persons within the county for work done and services performed or rendered in the county, and the net profits of businesses, trades, professions or occupations from activities conducted in the county except public service companies, banks, trust companies, combined banks and trust companies, combined trust, banking and title companies, and all other cases where a county is prohibited by law from imposing a license tax.

Section 3. A new section of KRS Chapter 68 is created to read as follows:

(1) In the event the fiscal court of any county determines that the public interest requires the establishment of one or more public service programs and that existing county revenues are inadequate to reasonably provide for such programs, the fiscal court may by resolution and order determine that one or more questions for the establishment of any such public service program shall be submitted to the electorate of such county. Such resolution and order shall designate with specificity each public service program to be submitted, together with the proposed source of funding therefor, which shall be either an ad valorem tax levy of a certain maximum number of cents per each one hundred dollars ($100) of assessed valuation subject to constitutional limits, or an occupational license tax subject to the limitations of this Act.

(2) The fiscal court shall, following adoption of the resolution and order identified in subsection (1) of this section, cause to be prepared a question for submission to the voters of the county at an election to be called and held for such purpose. Such election may be held upon any date stipulated by the fiscal court by

said resolution and order, and shall be held pursuant to notice as prescribed in KRS 424.130. Said election may be held in conjunction with a regularly scheduled November election, or a primary election, as provided by law. The question shall be so framed that any voter who wishes to vote for the public service program or any individual public service program if there be more than one, may signify his approval by voting "Yes," and any voter who wishes to vote against the public service program or any individual public service program so submitted may do so by voting "No."

Section 4. A new section of KRS Chapter 68 is created to read as follows:

(1) If a majority of those voting on the question of any public service program approve such particular public service program, such particular public service program shall be adopted. The county court clerk shall cause the question to appear on the ballots or voting machine slips used, and the election results shall be canvassed and certified by the County Board of Election Commissioners.

(2) If any public service program is approved by the electorate as herein provided, the specific tax so approved by the qualified voters in respect to such specific public service program shall be levied by the fiscal court in the manner provided by law, and such tax revenues shall be devoted solely to the public service program for which such specific taxes are levied. All such voted taxes shall be in addition to all other taxes otherwise authorized and provided by law, and shall be deemed to be voted levies pursuant to KRS 68.245 (1) not otherwise subject to the limitations contained therein.

SB 183, AN ACT proposing an amendment to the Constitution of Kentucky relating to the Judicial Branch of Government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. It is proposed that the present Constitution of Kentucky be amended by repealing present Sections 109 through 139, 141 and 143, and enacting in lieu thereof provisions to read, be numbered and be entitled as follows:

THE JUDICIAL DEPARTMENT

Section 109. *The judicial power; unified system; impeachment.* The judicial power of the Commonwealth shall be vested exclusively in one Court of Justice which shall be divided into a Supreme Court, a Court of Appeals, a trial court of general jurisdiction known as the Circuit Court and a trial court of limited jurisdiction known as the District Court. The court shall constitute a unified judicial system for operation and administration. The impeachment powers of the General Assembly shall remain inviolate.

The Supreme Court

Section 110. *Composition; jurisdiction; quorum; special justices; districts; Chief Justice.* (1) The Supreme Court shall consist of the Chief Justice of the Commonwealth and six Associate Justices.

(2)(a) The Supreme Court shall have appellate jurisdiction only, except it shall have the power to issue all writs necessary in aid of its appellate jurisdiction, or the complete determination of any cause, or as may be required to exercise control of the Court of Justice.

(b) Appeals from a judgment of the Circuit Court imposing a sentence of death or life imprisonment or imprisonment for twenty years or more shall be taken directly to the Supreme Court. In all other cases, criminal and civil, the Supreme Court shall exercise appellate jurisdiction as provided by its rules.

(3) A majority of the Justices of the Supreme Court shall constitute a quorum for the transaction of business. If as many as two Justices decline or are unable to sit in the trial of any cause, the Chief Justice shall certify that fact to the Governor, who shall appoint to try the particular cause a sufficient number of Justices to constitute a full court for the trial of the cause.

(4) The Court of Appeals districts existing on the effective date of this amendment to the Constitution shall constitute the initial Supreme Court districts. The General Assembly thereafter may redistrict the Commonwealth, by counties, into seven Supreme Court districts as nearly equal in population and as compact in form as possible. There shall be one Justice from each Supreme Court district.

(5)(a) The Justices of the Supreme Court shall elect one of their number to serve as Chief Justice for a term of four years.

(b) The Chief Justice of the Commonwealth shall be the executive head of the Court of Justice and he shall appoint such administrative assistants as he deems necessary. He shall assign temporarily any Justice or Judge of the Commonwealth, active or retired, to sit in any Court other than the Supreme Court when he deems such assignment necessary for the prompt disposition of causes. The Chief Justice shall submit the budget for the Court of Justice and perform all other necessary administrative functions relating to the court.

The Court of Appeals

Section 111. *Composition; jurisdiction; administration; panels.* (1) The Court of Appeals shall consist initially of fourteen judges, an equal number to be selected from each Supreme Court district. The number of judges thereafter shall be determined from time to time by the General Assembly upon certification of necessity by the Supreme Court.

(2) The Court of Appeals shall have appellate jurisdiction only, except that it may be authorized by rules of the Supreme Court to review directly decisions of administrative agencies of the Commonwealth, and it may issue all writs necessary in aid of its appellate jurisdiction, or the complete determination of any cause within its appellate jurisdiction. In all other cases, it shall exercise appellate jurisdiction as provided by law.

(3) The Judges of the Court of Appeals shall elect one of their number to serve as Chief Judge for a term of four years. The Chief Judge shall exercise such authority and perform such duties in the administration of the Court of Appeals as are prescribed in this section or as may be prescribed by the Supreme Court.

(4) The Court of Appeals shall divide itself into panels of not less than three judges. A panel may decide a cause by the concurring vote of a majority of its Judges. The Chief Judge shall make assignments of Judges to panels. The Court of Appeals shall prescribe the times and places in the Commonwealth at which each panel shall sit.

The Circuit Court

Section 112. *Location; circuits; composition; administration; jurisdiction.* (1) Circuit Court shall be held in each county.

(2) The Circuit Court Districts existing on the effective date of this amendment to the Constitution shall continue under the name "Judicial Circuits," the General Assembly having power upon certification of the necessity therefor by the Supreme Court to reduce, increase or rearrange the Judicial Districts. A Judicial Circuit composed of more than one county shall be as compact in form as possible and of contiguous counties. No county shall be divided in creating a Judicial Circuit.

(3) The number of Circuit Judges in each district existing on the effective date of this amendment shall continue, the General Assembly having power upon certification of the necessity therefor by the Supreme Court, to change the number of Circuit Judges in any Judicial Circuit.

(4) In a Judicial Circuit having only one Judge, he shall be the Chief Judge. In Judicial Circuits having two or more Judges, they shall select biennially a Chief Judge, and if they fail to do so within a reasonable time, the Supreme Court shall designate the Chief Judge. The Chief Judge shall exercise such authority and perform such duties in the administration of his Judicial Circuit as may be prescribed by the Supreme Court. The Supreme Court may provide by rules for administration of Judicial Circuits by regions designated by it.

(5) The Circuit Court shall have original jurisdiction of all justiciable causes not vested in some other court. It shall have such appellate jurisdiction as may be provided by law.

The District Court

Section 113. *Location; districts; composition; administration; trial commissioners; jurisdiction.*

(1) District Court shall be held in each county.

(2) The Circuit Court Districts existing on the effective date of this amendment shall continue for District Court purposes under the name "Judicial Districts," the General Assembly having power upon certification of the necessity therefor by the Supreme Court to reduce, increase or rearrange the districts. A Judicial District composed of more than one county shall be as compact in form as possible and of contiguous counties. No county shall be divided in creating a Judicial District.

(3) Each Judicial District created by this amendment initially shall have at least one District Judge who shall serve as Chief Judge and there shall be such other District Judges as the General Assembly shall determine. The number of District Judges in each Judicial District thereafter shall be determined by the General Assembly upon certification of necessity therefor by the Supreme Court.

(4) In a Judicial District having only one Judge he shall be the Chief Judge. In those districts having two or more Judges they shall select biennially a Chief Judge and if they fail to do so within a reasonable time, the Supreme Court shall designate the Chief Judge. The Chief Judge shall exercise such authority and perform such duties in the administration of his district as may be prescribed by the Supreme Court.

(5) In any county in which no District Judge resides the Chief Judge of the district shall appoint a Trial Commissioner who shall be a resident of such county and who shall be an attorney if one is qualified and available. Other Trial Commissioners with like qualifications may be appointed by the Chief Judge in any Judicial District upon certification of the necessity therefor by the Supreme Court. All Trial Commissioners shall have power to perform such duties of the District Court as may be prescribed by the Supreme Court.

(6) The District Court shall be a court of limited jurisdiction and shall exercise original jurisdiction as may be provided by the General Assembly.

Clerks of Courts

Section 114. *Selection; removal.* (1) The Supreme Court shall appoint a clerk to serve as it shall determine.

(2) The Court of Appeals shall appoint a clerk to serve as it shall determine.

(3) The clerks of the Circuit Court shall be elected in the manner provided elsewhere in this Constitution. The clerks of the Circuit Court shall serve as the clerks of the District Court. The clerks of the Circuit Court shall be removable from office by the Supreme Court upon good cause shown.

Appellate Policy; Rule-Making Power

Section 115. *Right of appeal; procedure.* In all cases, civil and criminal, there shall be allowed as a matter of right at least one appeal to another court, except that the Commonwealth may not appeal from a judgment of acquittal in a criminal case, other than for the purpose of securing a certification of law, and the General Assembly may prescribe that there shall be no appeal from that portion of a judgment dissolving a marriage. Procedural rules shall provide for expeditious and inexpensive appeals. Appeals shall be upon the record and not by trial de novo.

Section 116. *Rules governing jurisdiction, personnel, procedure, Bar membership.* The Supreme Court shall have the power to prescribe rules governing its appellate jurisdiction, rules for the appointment of commissioners and other court personnel, and rules of practice and procedure for the Court of Justice. The Supreme Court shall, by rule, govern admission to the Bar and the discipline of members of the Bar.

Offices of Justices and Judges

Section 117. *Election.* Justices of the Supreme Court and Judges of the Court of Appeals, Circuit and District Court shall be elected from their respective districts or circuits on a nonpartisan basis as provided by law.

Section 118. *Vacancies.* (1) A vacancy in the office of a Justice of the Supreme Court, or of a Judge of the Court of Appeals, Circuit or District Court which under Section 152 of this Constitution is to be filled by appointment by the Governor shall be filled by the Governor from a list of three names presented to him by the appropriate Judicial Nominating Commission. If the Governor fails to make an appointment from the list within sixty days from the date it is presented to him, the appointment shall be made from the same list by the Chief Justice of the Supreme Court.

(2) There shall be one Judicial Nominating Commission for the Supreme Court and the Court of Appeals, one for each Judicial Circuit, and one for each Judicial District, except that a circuit and district having the same boundary shall have but one Judicial Nominating Commission. Each commission shall consist of seven members, one of whom shall be the Chief Justice of the Supreme Court, who shall be chairman. Two members of each commission shall be members of the Bar, who shall be elected by their fellow members. The other four members shall be appointed by the Governor from among persons not members of the Bar, and these four shall include at least two members of each of the two political parties of the Commonwealth having the largest number of voters. Members of a Judicial Circuit or Judicial District Nominating Commission must be residents of the circuit or district, respectively, and the lawyer members of the commission shall be elected by the members of the Bar residing in the circuit or district, respectively. The terms of office of members of Judicial Nominating Commissions shall be fixed by the General Assembly. No person shall be elected or appointed a member of a Judicial Nominating Commission who holds any other public office or any office in a political party or organization.

Section 119. *Terms of office.* Justices of the Supreme Court and Judges of the Court of Appeals and Circuit Court shall severally hold their offices for terms of eight years, and Judges of the District Court for terms of four years. All terms commence on the first Monday in January next succeeding the regular election for the office. No Justice or Judge may be deprived of his term of office by redistricting, or by a reduction in the number of Justices or Judges.

Section 120. *Compensation; expenses.* All Justices and Judges shall be paid adequate compensation which shall be fixed by the General Assembly. All compensation and necessary expenses of the Court of Justice shall be paid out of the State Treasury. The compensation of a Justice or Judge shall not be reduced during his term.

Section 121. *Retirement and removal.* Subject to rules of precedure to be established by the Supreme Court, and after notice and hearing, any Justice of the Supreme Court or Judge of the Court of Appeals, Circuit Court or District Court may be retired for disability or suspended without pay or removed for good cause by a commission composed of one Judge of the Court of Appeals, selected by that Court, one Circuit Judge and one District Judge selected by a majority vote of the Circuit Judges and District Judges, respectively, one member of the Bar appointed by its governing body, and two persons, not members of the Bench or Bar, appointed by the Governor. The commission shall be a State body whose members shall hold office for four-year terms. Its actions shall be subject to judicial review by the Supreme Court.

Section 122. *Eligibility.* To be eligible to serve as a Justice of the Supreme Court or a Judge of the Court of Appeals, Circuit Court or District Court a person must be a citizen of the United States, licensed to practice law in the Courts of this Commonwealth, and have been a resident of this Commonwealth and of the district from which he is elected for two years next preceding his taking office. In addition, to be eligible to serve as a Justice of the Supreme Court or Judge of the Court of Appeals or Circuit Court a person must have been a licensed attorney for at least eight years. No District Judge shall serve who has not been a licensed attorney for at least two years.

Section 123. *Prohibited activities.* During his term of office, no Justice of the Surpeme Court or Judge of the Court of Appeals, Circuit Court or District Court shall engage in the practice of law, or run for elective office other than judicial office, or hold any office in a political party or organization.

Section 124. *Conflicting provisions.* Any remaining sections of the Constitution of Kentucky as it existed prior to the effective date of this amendment which are in conflict with the provisions of amended Sections 110 through 125 are repealed to the extent of the conflict, but such amended sections are not intended to repeal those parts of Sections 140 and 142 conferring nonjudicial powers and duties upon County Judges and Justices of the Peace. Nothing in such amended sections shall be construed to limit the powers otherwise granted by this Constitution to the County Judge as the chief executive, administrative and fiscal officer of the county, or to limit the powers otherwise granted by the Constitution to the Justices of the Peace or County Commissioners as executive, administrative and fiscal officers of a county, or of the Fiscal Court as a governing body of a county.

Section 2. It further is proposed as a part of this amendment and as a schedule of transitional provisions, for the purposes of this amendment, that:

1. The Judges of the Court of Appeals in office on the effective date of this amendment shall become Justices of the Supreme Court, for the duration of their terms, and the election of successors shall be in accordance with those terms.

For that period those courts shall continue to be governed by the present Constitution and none of the provisions of this amendment shall apply to them, except that those courts shall be deemed a part of the unified judicial system and shall be subject to the general control and rule-making power of the Supreme Court. The terms of any police court judges which commence on the first Monday in January, 1976, shall be reduced to two years from that date.

6. The Clerk of the Court of Appeals elected at the election at which this amendment is adopted shall serve as Clerk of the Supreme Court for the term for which he was elected, subject to removal by the Supreme Court for good cause.

7. Until otherwise provided by law the statutes applicable to the present Court of Appeals and not inconsistent with this amendment shall apply to the Supreme Court.

8. All causes and proceedings pending in the present Court of Appeals on the effective date of this amendment are transferred to and shall be decided or otherwise disposed of by the Supreme Court.

(8) All Review Committee proceedings, findings, determinations, and supporting documentation shall be confidential and shall not be disclosed to any person except with the permission of the person legally incapable of giving informed consent or his legal representative.

(10) Whenever the Review Committee determines that a sterilization of an individual who is legally incapable of giving informed consent is appropriate, the committee shall seek court determination from the circuit court.

(11) If the person legally incapable of giving informed consent, the parents of such person, or any other interested party is dissatisfied with the Review Committee's determination, they may appeal the decision to the circuit court.

HR 76, A RESOLUTION memoralizing the United States Congress to repeal Public Law 92-603 establishing the Professional Standards Service Review Organization.

WHEREAS, the United States Congress in 1972 enacted PL 92-603 establishing the Professional Standards Service Organization, popularly called PSRO; and

WHEREAS, PSRO creates a massive and expensive new bureaucracy, which duplicates existing review and introduces a completely foreign philosophy that medical care must conform to a federal rulebook for the treatment of all disease and denies admissions to hospitals based on the patient's doctor's orders, and gives authority to a committee to decide on the admissions; and

WHEREAS, PSRO invades the confidentiality of patients' medical records in private doctors' offices by government agents and stifles innovation, as physicians are required to conform to the rulebook, and PSRO is in reality the rationing of medical services to cut costs, the result of which is the reduction of the quality of medical care; and

WHEREAS, PSRO imposes federal "guidelines medicine" under peril of fine and suspension of physicians and invites unethical practice as the computerized guidelines become an invitation to fraud and reduces the professional to the technician level and a governmental agency will dictate for individual cases the number of days of treatment, and determine how, where and when to treat; and

WHEREAS, PSRO dehumanizes and promotes impersonal medical care; and PSRO has no economic basis, because medical care has increased the same as other services in the Consumer Price Index for a recent 10 year period, and less in the past 2 years; and documentation from government files proves that in Medicare doctor fraud is insignificant; and

WHEREAS, PSRO takes valuable physician time away from patient care because he is required to justify in writing every decision which conflicts with government rules and discourages physicians from entering or remaining in medical practice and PSRO may force the best physicians out of government programs; and

WHEREAS, any physician who treats a patient in compliance with PSRO regulations is exempted from civil liability for malpractice;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the U. S. Congress be and hereby is requested to repeal at the earliest possible date the legislation creating PSRO.

Section 2. Be it further resolved, that copies of this Resolution be forwarded to each U. S. Representative and each U. S. Senator from the Commonwealth of Kentucky.

Section 1. KRS 31.120 is amended to read as follows:

(1) The determination of whether a person covered by KRS 31.110 is a needy person shall be deferred until his first appearance in court or in a suit for payment or reimbursement under KRS 31.170, whichever occurs earlier. Thereafter, the court concerned shall determine, with respect to each proceeding, whether he is a needy person. However, nothing herein shall prevent appointment of counsel at the earliest necessary proceeding at which said person is entitled to counsel, upon declaration by said person that he is needy under the terms of this chapter. In such event the person involved may be required to make reimbursement for the representation involved if he later is determined not a needy person under the terms of this chapter.

(2) In determining whether a person is a needy person and in determining the extent of his inability to pay, the court concerned may consider such factors as income, property owned, outstanding obligations, and the number and ages of his dependents. Release on bail does not necessarily prevent him from being a needy person. In each case, the person, subject to the penalties for perjury, shall certify in writing or by other record such material factors relating to his ability to pay as the court prescribes.

(3) To the extent that a person covered by KRS 31.110 is able to provide for an attorney, the other necessary services and facilities of representation, and court costs, the court may order him to provide for their payment.

(3) When it appears to the district that the construction of any sanitary sewer and/or storm water drainage facility being made by any other individual or corporation, requires inspection and supervision in order to assure the protection of public health and the proper subsequent completion of such facility for the purposes intended, the metropolitan sewer district shall include such finding in its order approving, modifying or disapproving the particular plans and projects, and *may* [shall] charge such person or corporation for such inspection and supervision on the basis of the actual cost of inspection plus a reasonable additional cost of supervision.

Section 2. KRS 76.090 is amended to read as follows:

(1) The district may establish a schedule of rates, rentals, and charges, to be collected from *the owner or occupant of each lot or parcel of land which is developed and abuts upon a street, public way or easement containing a district sanitary or combined sewer* [all the real property within the district area served by the facilities of the district,] and prescribe the manner in which and the time at which the rates, rentals, and charges are to be paid, and may change the schedule from time to time as the district deems necessary, advisable or expedient. The schedule may be based upon either, (a) the consumption of water on premises connected with the facilities, taking into consideration commercial and industrial use of water; or (b) the number and kind of plumbing fixtures connected with the facilities; or (c) the number of persons served by the facilities; or (d) may be determined by the district on any other basis or classification which the district determines to be fair and reasonable, whether similar or dissimilar to those enumerated; or (e) any combination thereof. This schedule may include additional charges for treatment of sewage, with a surcharge where the sewage contains industrial wastes or other wastes in excess of limitations established by regulations of the district.

(2) Prior to the final adoption or modification of the schedule for the district area, the district shall adopt a proposed schedule and publish notice thereof pursuant to KRS chapter 424. The notice so published shall be dated as of the date of first publication thereof and shall state that the proposed or revised schedule of rates, rentals, and charges will remain open for inspection in the office of the district for thirty (30) days from the date of the notice, and that objections thereto in writing may be filed during that period with the district by any person aggrieved thereby. The district shall examine and hear any and all complaints, may modify the proposed schedule, and shall adopt and establish a final schedule within sixty (60) days after the date of the notice; the schedule however shall not become final within a city of the first class, unless and until it has received the approval of the legislative body of the city of the first class by ordinance approved by the mayor; Provided, however, the schedule finally adopted shall be sufficient and adequate to cover the purposes of this chapter. The schedules shall be uniform for all property falling within the same classification, which classification may be based upon the length of time the property has been in the district area, the drainage area within which the property lies or any similar or dissimilar reasonable classification. The schedule so adopted and established shall thereafter be the rates, rentals and charges for the use of the facilities of the district by users within the district area, until changed in the manner herein provided. The schedule of rates, rentals, and charges shall be established and revised from time to time so as to produce aggregate revenues to the district sufficient (a) for the payment of the interest on and principal of all revenue bonds and other obligations of the district except construction subdistrict obligations and bonds; (b) for the payment of all cost and expenses of operating and maintaining the sewer and drainage system of the district within the district area, including but not limited to that portion of the salaries, wages, and fees of all officers and employes of the district equitably allocable to operations within or for the district area; and (c) for the payment of all cost of renewals and replacement of such system within the district area; Provided however, That all expenses, salaries, wages, and fees necessary or incident to improvements for the account of which bonds are issued, may be included as a part of the cost of the improvements and paid from the proceeds of the bonds. The district may collect the sewer rates, rentals, and charges, or cause them to be collected and paid to it by agencies it designates, and with whom it may make such contracts or arrangements as the district deems proper. [No moneys received on account of the existence or operation of construction subdistricts shall be used for the payment of district obligations, and no other moneys received by the district shall be used for the payment of construction subdistrict bonds or obligations. Except as provided in the preceding sentence] The use of all moneys of the district received from any and all sources is hereby limited exclusively and shall be devoted solely to the payment of all obligations of the district and board created by KRS 76.010 to 76.210, and no funds from any sources authorized by KRS 76.010 to 76.210, shall be diverted to any other purposes than those in KRS 76.010 to 76.210 set forth, except that the district shall pay from district area revenues an equitably allocable share of the cost of constructing and operating any nondistrict area facilities to which sewage from the district area is diverted in order to relieve facilities from excessive sewage and costs described in KRS 76.248 but otherwise paid for.

(3) Whenever an area located within the district is served initially by a construction subdistrict facility, the schedule of rates, rentals and charges applicable to the particular construction subdistrict shall, at the discretion of the board, be applied to the area.

(4) Whenever any such sewer rates, rentals or charges for services rendered remains unpaid for a period of thirty (30) days after the same becomes due and payable *or for the violation of regulations governing the use of the sewer and drainage system*, the district shall declare the property, the owner thereof, and the user of the service, delinquent until such time as all service rates, rentals and charges are fully paid *or the violation corrected* and may cut off the sewer connection and service. It is unlawful for any delinquent to use water from any public water service or system and discharge same into a public sewer. No public water service or system shall furnish the delinquent with water to be discharged into a public sewer. The district may enter into agreements with any public water company or public water service providing for the discontinuance of water service to delinquents.

Section 3. KRS 76.170 is amended to read as follows:

(1) The initial unit of the district embraces the area that is coterminous with the boundaries of the city of the first or second class. The district also embraces the district area as defined in KRS 76.005. When territory which is part of a construction subdistrict is annexed to the city of the first or second class, that territory shall not become part of the district area during the existence of the construction subdistrict. When the existence of the construction subdistrict is wound up under KRS 76.271, the territory therein shall become a part of the district area if it is then a part of the city of the first or second class or whenever it is annexed by the city of the first or second class. When a construction subdistrict consisting of territory outside the city of the first or second class is wound up, the board of the district shall incorporate the territory into the district area under conditions of KRS 76.271. The district may also expand the district area by constructing and extending its initial sewer and drainage system and facilities beyond the corporate limits of the city of the first or second class and within the county in which the city is located whenever the district and the owners of real property to be served and located outside the limits of the city, by appropriate written instrument, agree as to

apportionment of any and all costs of construction work, subsequent maintenance and operation appertaining thereto, and as to payments by the owners of the real property, of rates, rentals and charges for the services and facilities to be thus afforded and for that portion of the district's capital costs, equitably allocable to the real property. Thereupon the real property served becomes a part of the district area. In a like manner and upon the same conditions, the district may construct and extend its sewer and drainage system and facilities so as to serve all or any part of any other city or other incorporated area located in the same county, pursuant to a written agreement between the district and the other city or incorporated area approved by their respective governing boards or bodies; Provided, however, nothing in this subsection shall be construed as requiring the district to obtain the consent of any city of the fifth or sixth class prior to constructing any sanitary or storm sewerage facilities within the limits of such a city, regardless of whether said facilities will serve the said city or not. All agreements referred to in this section shall be in appropriate form [for recording and shall be filed of record with the county clerk as other instruments relating to transfer or creating a lien upon real estate]. Any agreements entered into by the district pursuant to this section may provide that the district area shall include the real estate in such city or incorporated area, or part thereof, to be served pursuant to such agreement, and in such case [when such instrument has been filed of record with the county clerk as aforesaid], the district area shall be thereby officially enlarged and extended to include same; except that the district area shall not be enlarged to include a construction subdistrict by agreement or otherwise.

(2) The district may also expand the district area by constructing and extending its initial sewer and drainage system, or by constructing or extending new sewerage and drainage systems and facilities, into areas of the county outside of the city of the first class and annexing the areas to be served by such new or expanded systems or facilities to the district area, as provided in KRS 76.171.

(3) The words "incorporated area" as used in this section do not mean or apply to any sanitation district organized under KRS chapter 220.

(4) The provisions of this section shall not apply in cases involving annexation by a city of the first class pursuant to KRS 81.300 to 81.360.

Section 4. A new section of KRS Chapter 76 is created to read as follows:

(1) As used in this section, unless the context otherwise requires, the following definitions shall apply:

(a) "Sewers" are sanitary sewers, property service connections, combined sanitary and storm sewers, storm sewers or storm drains, pumping facilities and appurtenances, and waste-water treatment facilities and appurtenances.

(b) "Benefited Properties" or "Benefited Area" are developed and undeveloped lots and tracts, or portions thereof, which can be served by sewers. A property, or a portion of a property, which is benefited by an existing sewer is not considered benefited by the installation of a similar sewer.

(c) "Assessable Properties" are properties, or portions of a property, designated by the metropolitan sewer district to be encumbered with liens by the issuance of apportionment warrants upon completion of a sewer assessment project.

(d) "Assessable Unit" is a single-family residential lot, or equivalent, on which no more than one single-family dwelling unit can be reasonably constructed. Properties other than single-family residential lots shall be equated to assessable units as determined by the metropolitan sewer district; however, for duplexes and multi-unit apartment dwellings, each apartment unit shall be deemed to be not less than one-half an assessable unit.

(e) "Assessable Costs" for sewers serving benefited properties include direct payments to property owners for easement rights, actual construction costs for assessable facilities, and actual engineering costs for the preparation of plans and specifications. The board of the metropolitan sewer district may determine that the assessable engineering costs shall not exceed a fixed percentage, as determined by the board of the metropolitan sewer district, of the actual total assessable construction cost.

(f) "Connection Fee" is a charge established by the board of the metropolitan sewer district and payable by an owner of a benefited property not previously assessed for the cost of a sanitary sewer or combined sewer serving the benefited property.

(2) When the board of a metropolitan sewer district determines that sewers shall be constructed at the cost of the property owners, the project shall be recommended to the board of aldermen of a city of the first class, and the metropolitan sewer district shall prepare or cause to be prepared complete plans and specifications for the work and keep same available for inspection in its offices.

(3) The board of the metropolitan sewer district shall adopt a resolution recommending approval of the construction of sewers by assessment to the board of aldermen. Such approving ordinance shall describe the nature and kind of facilities to be furnished and shall describe the benefited properties.

(4) The actual construction of the sewers pursuant to the approving ordinance shall be done by, or under the control of, the metropolitan sewer district.

(5) When the cost of constructing the sewers has been determined, the metropolitan sewer district shall prepare a statement of all costs of constructing the sewer project.

The assessable cost of the sewers, excluding property service connections, shall be apportioned against benefited properties according to the number of assessable units assigned to said properties as determined by the metropolitan sewer district; or according to any other equitable basis.

(6) The costs of property service connections from the sewers to the property lines or easement lines shall be assessed against the benefited properties to which such property service connections are furnished.

(7) All assessable properties included in the described benefited area shall be assessed, except: property dedicated to use for public roadways, property owned by cities of the first or second class, or by counties containing cities of the first or second class, and any joint agencies of such cities and counties; and property owned by the United States Government or any of its agencies.

(8) In order to protect the properties against excessive costs for sewer construction, to create equity of assessment insofar as possible, and to permit owners of benefited properties to be informed in advance of costs proposed to be assessed against their properties, the board of the metropolitan sewer district may promulgate rules and regulations establishing a maximum assessment per assessable unit for the cost of sewers.

(9) Upon completion and acceptance of the sewers constructed, the metropolitan sewer district shall make out all apportionment warrants for which liens are established for the sewer improvements and shall immediately enter them upon a register kept for that purpose. When the holder of the warrant has obtained payment, he shall notify the metropolitan sewer district and it shall mark upon the register the payment thereof.

(10) After any sewers have been constructed in conformity with this section, the metropolitan sewer district shall give notice by publication pursuant to KRS Chapter 424 of the costs apportioned, and the amounts assessed and levied on the benefited properties liable for the payment. The failure of such property owner to receive a notice shall neither exempt him from liability for the assessment, nor prejudice the collection thereof or the enforcement of the lien therefor.

(11) The assessment, made by the board of the metropolitan sewer district against the respective benefited property for the cost of the sewers as provided for herein, shall be and become a lien superior to all other liens except those of taxes and liens prior in time for other public improvements, and shall not be defeated or postponed by any private or judicial sale; by any mortgage; by an error or mistake in the description of the property; or by error or mistake in the names of the owners. The lien shall exist from the date of the apportionment warrant; but a lien shall not be valid against a purchaser for a valuable consideration without notice unless the apportionment warrant is entered upon the register within ten days of its issuance.

(12) No error in the proceedings of the board of aldermen shall exempt any benefited property from liability for payment of any assessment or for any interest or payment incident to nonpayment thereof, after the work has been completed as required by either the ordinance or contract; but the board of aldermen, or any court of competent jurisdiction in which suits shall be proceeding, shall have power to make all corrections, rules and orders as may be required to do justice to all parties. In no event, if the sewers are constructed as provided, by ordinance or contract, shall the city or the metropolitan sewer district be liable for the costs of the sewers without the right to enforce such costs against the benefited properties.

(13) Apportionment warrants may be sold at public or private sale but may not be sold for less than their face value; or may be issued to the contractor, who must accept the same in full payment of that portion of his costs as represented by the face amounts of the apportionment warrants. The apportionment warrants shall be executed by the secretary-treasurer of the metropolitan sewer district. The terms of the issue or sale of the warrants must include, but are not limited to, the following provisions:

(a) Payment of the entire principal amount represented by the apportionment warrant may be made to the holder of the warrant within thirty days of the date of issuance without interest.

(b) The owner of the assessed property may enter into a written installment agreement with the warrant holder, acting as Paying Agent for the metropolitan sewer district, for payment of the assessment at the rate of interest specified on the warrant.

(c) The warrant holder must agree to permit any owner of assessed property to pay off and discharge said warrant over a five-year period in equal installments; however, the owner and warrant holder may mutually agree upon any other installment plan.

(d) If any person who had entered into an installment payment agreement desires to pay his assessment in full, he shall be obligated to pay only the remaining principal balance, plus all interest accrued to the day of payment.

(14) In the event that a property owner fails to pay his apportionment warrant in cash or to enter into a written installment agreement within thirty days of issuance of the warrant, or fails to pay any installment and interest due under the installment agreement with the warrant holder, the entire amount of the assessment shall forthwith become due and payable in cash. A penalty of ten percent of the unpaid portion of the assessment shall be added thereto, which shall constitute a like lien as the assessment, and thereafter the unpaid assessment, including penalty, shall bear interest at the rate stipulated on the apportionment warrant, until paid in full.

(15) Upon sale or transfer of ownership of any assessed property, the installment agreement, if any, shall terminate, and the assessment lien, including penalty and accrued interest, if any, shall be paid in full to the warrant holder.

(16)(a) Upon notice from the warrant holder that he had failed to collect the assessment after making every reasonable effort, then it shall be the duty of the metropolitan sewer district, for and on behalf of the warrant holder, to institute, in its own name and at its own expense, proper proceedings for the collection of said assessment including, if necessary, the filing of a suit in equity in any court of competent jurisdiction to enforce the lien by obtaining a judgment for the sale of the property and for the recovery of any deficiency thereof against the property owner personally. The metropolitan sewer district or the warrant holder is authorized to bid an amount not in excess of its lien and costs for any property sold in such suit.

(b) The apportionment warrant register as prepared by the metropolitan sewer district shall be prima facie evidence in all courts that all necessary steps have been properly taken, and that all proceedings are regular and valid.

(17) If any property or portion thereof against which an assessment has been levied is owned by an infant, by a person of unsound mind, or by a life tenant, the installment agreement may be executed by the statutory guardian of such infant, or by the committee or curator of such insane person with the same effect as if executed by a person free from disability, or by the life tenant; and the executed agreement shall be binding upon the owner of the fee.

(18) The interest rate stipulated on the warrant shall be determined by the board of the metropolitan sewer district.

(19) The board of the metropolitan sewer district shall establish a connection fee which, in addition to a charge for the installation of a property service connection, must be paid prior to connection to a metropolitan sewer district sewer by the owner of property not previously assessed for the cost of sewers. If a property, or portion thereof, is located in a previously described benefited area and the assessable cost of the sewers serving the property was apportioned against the property but no lien created, the connection fee for said property shall not be less than the previously apportioned assessable cost.

(20) The metropolitan sewer district may construct sewers by assessment in areas of the district located outside of the city of the first class, using the procedures set forth in this section, with the word "ordinance" being read as "resolution," the words "board of aldermen" being read as "fiscal court," and the word "city" being read as "county."

The General Assembly of the Commonwealth of Kentucky hereby finds and declares:

(1) That the following provisions were motivated by the legislative intrusion of the United States Supreme Court by virtue of its decisions removing the protection afforded the unborn. This act is in no way to be construed as implementing, condoning or approving abortions at any stage of unborn infant development, but is rather an expression of the will of the people of the Commonwealth of Kentucky and the members of the General Assembly to provide protection for the life of the unborn child whenever possible until such protection can be afforded by an appropriate amendment to the United States Constitution;

(2) That the members of the General Assembly of the Commonwealth of Kentucky expressly deplore the destruction of the unborn human lives which has and will occur in the Commonwealth of Kentucky as a consequence of the Supreme Court's decisions on abortion;

(3) That it is in the interest of the people of the Commonwealth of Kentucky that every precaution be taken to insure the protection of every viable unborn child being aborted, and every precaution be taken to provide life-supportive procedures to insure the unborn child its continued life after its abortion;

(4) That currently, in the Commonwealth, there are grossly inadequate legal remedies to protect the life, health and welfare of pregnant women and unborn human life; and

(4) "Consent" as used in this Act with reference to those who must give their consent shall mean an informed consent expressed by a written agreement to submit to an abortion only after the consenting party has had a full explanation of the details, effects, and consequences of the abortion procedure upon both the mother and the unborn life with which she is pregnant, as evidenced by the signature of the consenting parties on a written form of explanation and consent to be promulgated by the State Board of Health.

(2) Any physician who fails to comply with the provisions of subsection (1) of this section, upon conviction thereof, shall be imprisoned in the county or city jail workhouse for a term of not more than 12 months or by a fine not to exceed $1,000, or both. Each violation shall constitute a separate offense.

Section 4. A new section of KRS Chapter 311 is created to read as follows:

Inasmuch as various persons have an interest in and through an unborn child, before an abortion may be performed, written consent to the performance of such abortion must be given by the following individuals:

(1) In all cases such informed consent must be given by the woman upon whom the abortion is to be performed.

(2) If the woman upon whom the abortion is to be performed is married at the time of the performance of the abortion such consent must be given by her husband.

HR 96, A RESOLUTION requesting the Secretary of Transportation to negotiate with Federal Highway Administration officials toward modification of highway advertising restrictions in mountainous areas.

WHEREAS, federal and state laws and regulations forbid erection of advertising signs within a horizontal distance of 660 feet from the right-of-way of an Interstate highway; and

WHEREAS, the present formula for measuring said distance works a hardship on tourist industries located in mountainous terrain in that an advertising sign might be 800 feet in a direct line above the edge of the right-of-way, yet fall within the 660 foot limitation when measured horizontally; and

WHEREAS, the enforcement of existing laws and regulations is having a disastrous effect upon the tourist industry in the mountainous areas of this and other states; and

WHEREAS, there are only a few locations in mountainous areas which meet present requirements and these have become unsightly accumulations of many signs; and

WHEREAS, tax revenues generated through sales by the tourist industry more than offset any funds received from the federal government of one-half of one percent of total eligible costs for beautifications projects;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Secretary of Transportation be requested to negotiate with Federal Highway Administration officials in an effort to obtain a modification of existing laws and regulations which will allow advertising devices beyond a point measured by a diagonal line from the right-of-way for a distance of 660 feet on terrain that has a rising grade of more than 10 degrees.

In order to equate the compensation of commonwealth's attorneys, county judges, county attorneys, county clerks, circuit clerks, sheriffs and jailers with the purchasing power of the dollar, the Department of Commerce shall compute by the second Friday in February of every year the annual increase or decrease in the Consumer Price Index of the preceding year by using 1949 as the base year in accordance with section 246 of the Constitution of Kentucky which provides that the above elected officials shall be paid at a rate no greater than $7,200 per annum. The Department of Commerce shall notify the appropriate governing bodies charged by law to fix the compensation of the above elected officials of the annual rate of compensation to which the elected officials are entitled pursuant to the increase or decrease in the Consumer Price Index. Upon notification from the Department of Commerce, the appropriate governing body may set the annual compensation of the above elected officials at a rate no greater than that stipulated by the Department of Commerce.

(3) Each officer shall, on the first day of each month, send to the department of finance a statement, subscribed and sworn to by him, showing the amount of money received or collected by or for him the preceding month, as fees or compensation for official duties, and shall, with such statements, send to the

(4) The salary of each officer and his deputies and assistants and his office expenses, shall be paid monthly by the state treasurer upon the warrant of the department of finance made payable to the officer. If seventy-five per cent (75%) of the amount paid into the state treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the department of finance to any officer for salaries and expenses exceed seventy-five per cent (75%) of the amount paid to the department of finance by the officer during his official term.

(5) The number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by an order entered upon the order book of the circuit court and county court and signed by the judges or a majority thereof of those courts. In no case shall he receive more than the maximum allowed under subsection (1) of this section.

The compensation of county commissioners serving on fiscal courts in counties containing a city of the first class shall not exceed *$9,600* [$8,000] per year, in counties containing cities of the second class it shall not exceed *$9,000* [$7,500] per year and in counties containing cities of the third or fourth class it shall not exceed twenty percent more than the annual compensation paid in the county for the calendar year immediately preceding g *1974* [June 16, 1972], and all of said annual salaries shall be payable monthly. Justices of the peace and county commissioners shall not receive any compensation for their services on the fiscal court, other than as provided by this section; nor shall they receive any compensation for serving on committees of the fiscal court. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 411 is created to read as follows:
(1) Contributory negligence shall not bar recovery in an action by any person or his legal representative to recover damages for negligence or gross negligence resulting in death or in injury to person or property, if such negligence was not as great as the negligence or gross negligence of the person against whom recovery is sought, but any damages allowed shall be diminished in the proportion to the amount of negligence attributable to the person recovering. As used in this act, "contributory negligence" includes "assumption of the risk".
(2) The court may, and when requested by any party shall, direct the jury to find separate special verdicts determining the total amount of damages suffered and the percentage of negligence attributable to each party; and the court shall then reduce the amount of the damages in proportion to the amount of negligence attributable to the person seeking recovery.

The Committee Substitute for **HB 245** is as follows:

HB 245, AN ACT relating to contributory negligence.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 411 is created to read as follows:
(1) Contributory negligence shall not bar recovery in an action by any person or his legal representative to recover damages for negligence resulting in death or in injury to person or property, if such negligence was not as great as the negligence or gross negligence of the person or persons against whom recovery is sought, but any damages allowed shall be diminished in proportion to the amount of negligence attributable to the person for whose injury, damage or death recovery is made. As used in this Act, "contributory negligence" includes "assumption of risk".
(2) In determining by what amount the damages shall be diminished in such a case, the negligence of each person for whom recovery is made shall be compared to the total negligence of all persons against whom recovery is sought. The combined total of the negligence of the person for whom recovery is made taken together with all of the negligence of all persons against whom recovery is sought shall equal one hundred percent.
(3) The court may, and when requested by any party shall, direct the jury to find separate special verdicts determining the total amount of damages suffered and the percentage of negligence attributable to each party; and the court shall then reduce the amount of the damages in proportion to the amount of negligence attributable to the person for whose injury damage or death recovery is made. If the proportion is equal to or greater than the negligence of the person or persons against whom recovery is sought the court will enter a judgment for the person or persons defending. The court shall make all such findings in the absence of a jury.

Section 7. A new section of KRS Chapter 217 is created to read as follows:

(1) Upon certification pursuant to Section 24 (c) of FIFRA by the administrator of EPA to register pesticides formulated to meet special local needs, the secretary shall consider the following for refusal to register, for cancellation, for suspension and for legal recourse for such pesticides:

(a) If it does not appear to the secretary that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of this Act or regulations adopted thereunder, he shall notify the applicant of the manner in which the pesticide, labeling, or other material required to be submitted fails to comply with the provisions of this Act so as to afford the applicant an opportunity to make the necessary corrections. If, upon receipt of such notice, the applicant does not make the required changes, the secretary may refuse to register the pesticide.

(b) When the secretary determines that a pesticide or its labeling does not comply with the provisions of this Act or the regulations adopted thereunder, he may cancel the registration of a pesticide after a hearing.

(c) When the secretary determines that there is an imminent hazard, he may, on his own motion, suspend the registration of a pesticide without first holding a hearing but a hearing shall be held with the utmost possible expedition.

(d) Any person who will be adversely affected by such order in this Section may obtain judicial review thereof by filing in the Franklin Circuit Court, within 30 days after the entry of such order. A petition shall be forthwith transmitted by the clerk of the court to the secretary and thereupon the secretary shall file in the court the record of the proceedings on which he based his order. The court shall have jurisdiction to affirm or set aside the order complained of in whole or in part. The findings of the secretary with respect to questions of fact shall be sustained if supported by substantial evidence when considered on the record as a whole. Upon application, the court may remand the matter to the secretary to take further testimony if there are reasonable grounds for the failure to adduce such evidence in the prior hearing. The secretary may modify his findings and his order by reason of the additional evidence so taken and shall file the additional record and any modification of the findings or order with the clerk of the court.

(2) If the secretary determines that the federally registered pesticide with respect to the use of such pesticide within this state does not warrant the proposed claims for it, or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of FIFRA or the regulations adopted thereunder, he shall advise EPA of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with the provisions of FIFRA and suggest necessary corrections.

Section 8. A new section of KRS Chapter 217 is created to read as follows:

Upon authorization of the state by the administrator of EPA to issue experimental use permits, the secretary may:

(a) Issue an experimental use permit to any person applying for such permit if he determines that the applicant needs such permit in order to accumulate information to register a pesticide. Application for an experimental use permit may be filed at the time of, or before or after an application for registration is filed.

(b) Prescribe terms, conditions and period of time, for experimental use permit which shall be under the supervision of such person as may be designated on the permit.

(c) Revoke any experimental use permit at anytime, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effect on the environment.

Such order, when filed, shall void any assessment for the assessment year for which the emergency assessment is made. Any person appointed to make such an emergency assessment shall have the same powers and duties as the property valuation administrator. Whenever the tax roll has been completed under an emergency assessment and the tentative valuations have been determined, the department shall cause to be published pursuant to KRS chapter 424, a notice as to the date when the tax roll will be ready for inspection and the time available for such purpose; also a copy of the notice shall be posted at the courthouse door. If any property is assessed at a greater value than that listed by the taxpayer or unlisted property is assessed, the taxpayer shall be charged with notice of such action by reason of the inspection period, and no further notice need be given of such action taken before the beginning of the inspection period. At the close of the inspection period, the tax roll shall be delivered to the county court clerk and the county judge shall immediately convene the board of *assessment appeals* [supervisors] to hear and determine any appeals from such emergency assessment. The board shall remain in session for the time and shall receive the compensation as provided in KRS 133.030 (2). Appeals shall be taken and heard from such emergency assessments in the same manner as appeals from regular assessments.

(2) The department may appoint the property valuation administrator to make an emergency assessment provided he was not at fault, and if the property valuation administrator is so appointed he shall receive reasonable compensation for his services in making this assessment, which shall not affect in any manner the payment to him of any compensation that he has received for himself or on behalf of a deputy or that may be due him, for services in making the regular assessment. Whenever through the property valuation administrator's fault an emergency assessment is ordered, the property valuation administrator shall *be suspended from office without pay until the emergency assessment has been completed and the assessment certified and he shall* become liable for the cost thereof as provided in KRS 132.620, such cost to be limited to the amount due or paid him in accordance with the provisions of KRS 132.590.

Section 2. KRS 132.690 is amended to read as follows:

(1) *Effective January 1, 1975, and each four years thereafter, all* [All] taxable real property or interest therein subject to assessment by the property valuation administrator shall be revalued *based upon a physical examination of the property* [during the second year of each term of office] by the property valuation administrator *at its fair cash value* in accordance with standards prescribed by the Department of Revenue.

(2) No later than January 1 of each year the Department of Revenue shall advise the property valuation administrators of the level of assessment (ratio) in the county and the approximate amount of assessment that would be needed to meet the fair cash value requirement.

(3)[(2)] The right of any individual to appeal the assessment on his property in any year as provided in KRS 133.120 shall in no way be affected by this section.

(4)[(3)] *When the property valuation administrator in any county fails to revalue and assess all property, or any class of property, as provided by subsection (1) of this section the department shall notify the property valuation administrator of the changes necessary to correct the assessment and the property valuation administrator shall immediately make such correction of the assessment as may be necessary to comply with the directions of the department.* [Should the property valuation administrator fail to revalue property as required by this section the Department of Revenue shall have the authority to order an emergency revaluation in the same manner as provided for emergency assessments by KRS 132.660.] Any property valuation administrator wilfully violating the provisions of *subsection (1) of* this section *or who refuses to comply with the directions of the Department of Revenue to correct the assessment shall have his compensation suspended by the department and* shall be subject to removal from office as provided by KRS 132.370(3) *and shall be subject to the provisions of KRS 132.620 and KRS 61.120.*

(5) Direction of the Department of Revenue to the property valuation administrator to correct the assessment as provided in subsection (4) of this section shall be appealable by the property valuation administrator but shall not be construed as state equalization under the provisions of KRS 133.150, KRS 133.160 and KRS 133.170.

(6) In each year in which revaluation is required as provided in subsection (1) of this section, the property valuation administrator, upon completion of the tax roll, shall cause to be published pursuant to KRS Ch. 424, a notice as to the date when the tax roll will be ready for inspection and the time available for such purposes. The taxpayers shall be charged with notice of the revaluation by reason of the inspection period, and no further notice need be given of such action. The cost of the notice shall be paid by the fiscal court.

(7) In any year in which revaluation is required by subsection (1) of this section the inspection period for the tax rolls shall not be held until the Department of Revenue has notified the property valuation administrator that the assessment is acceptable and the county board of assessment appeals shall not be

convened until the inspection period has been held.

(8) In any year in which revaluation is not required by subsection (1) of this section, the property valuation administrator shall assess all property as provided by KRS 132.420(1) and KRS 132.450(1).

(9) Nothing in this section shall prohibit action by the Department of Revenue under the provisions of KRS 133.150 or KRS 132.660 in any year in which the department determines such action to be necessary.

Section 3. KRS 133.150 is amended to read as follows:

The department of revenue [shall equalize each year the assessments of the property among the counties. It] shall compare *each year* the recapitulation of the property valuation administrator's books from each county with the records of sales of land in such county or with such other information that it may obtain from any source and shall determine the ratio of the assessed valuation of the property to the fair cash value. The department of revenue shall have power to increase or decrease the aggregate assessed valuation of the property of any county or taxing district thereof or any class of property or any item in any class of property. The department of revenue shall fix the assessment of all property at its fair cash value. When the property in any county, or any class of property in any county, is not assessed at its fair cash value, such assessment shall be increased or decreased to its fair cash value by fixing the percentage of increase or decrease necessary to *achieve fair cash value* [effect the equalization].

Section 4. KRS 133.160 is amended to read as follows:

When it is contemplated by the department of revenue that it will be necessary to raise the assessed valuation of property in any county *as provided by KRS 133.150*, it shall give notice of the contemplated action to the county court, the superintendent of any school district affected by such action, the mayor of any city which is affected and which has adopted the assessment, and to the taxpayers of that county through the county judge, who shall post the notice sent him on the courthouse door and certify to the department of revenue that this has been done, and it shall fix a time and place for a hearing which may be in Frankfort or any convenient place in or nearer the county seat.

Section 5. KRS 133.170 is amended to read as follows:

(1) When the department of revenue has completed its *action on* [equalization of] the assessment of the property in any county *under the provisions of KRS 133.150* , it shall certify its action to the county judge, with a copy of the certification for the county clerk, to be laid before the fiscal court of the county.

(2) If the fiscal court deems it proper to ask for a review of the aggregate equalization of any class or subclass of property, it shall direct the county attorney to prosecute an appeal of the aggregate increase to the Kentucky board of tax appeals within ten (10) days from the date of the certification.

(3) Within ten (10) days from the date that the department's aggregate equalization of any or all classes or subclasses of property becomes final by failure of the fiscal court to prosecute an appeal or by order of the Kentucky board of tax appeals or the courts, the fiscal court shall cause to be published, at least one (1) time, in the newspaper having the largest circulation within the county, a public notice of the department's action.

(4) Within ten (10) days from the date of the publication of the notice required in subsection (3) of this section, any individual taxpayer whose property assessment is increased above its fair cash value by the equalization action may file with the county clerk an application for *relief* [exoneration of his property assessment] from the increase. The application shall be filed in duplicate and shall include the name and address of the person in whose name the property is assessed; the assessment of the property before the increase; *the owner's opinion as to the fair cash value of the property;* the description and location of the property including the description shown on the tax roll; the property owner's reason for appeal and all other pertinent facts having a bearing upon its value. The county clerk shall forward one (1) copy, of each application for *relief* [exoneration] to the department of revenue and shall exclude the amount of the equalization increase from the assessment in the preparation of the property tax bill for each property for which an application for *relief* [exoneration] has been filed.

(5) The county judge shall reconvene the *county* board of *assessment appeals* [supervisors] immediately following the close of the period for filing applications for *relief* [exoneration] from the increase. The board shall schedule and conduct hearings on *each* [all] application[s] in the manner prescribed for hearing appeals by KRS 133.120; however, the board shall not have authority to reduce any assessment to an amount less than that listed for the property *prior to the application of the increase* [at the time of adjournment of the regular board session].

(6) The county clerk shall act as clerk of the reconvened board and shall keep an accurate record of the proceedings in the same manner as provided by KRS 133.125. Within five (5) days of the adjournment of the reconvened board, he shall notify each property owner in writing of the final action of the board with relation to the equalization increase and shall forward a copy of the proceedings certified by the chairman of the board and attested by him to the department of revenue and to the other taxing districts participating in the tax.

(7) Any taxpayer whose application has been denied, in whole or in part, may appeal to the Kentucky board of tax appeals as provided in KRS 131.340, and appeals thereafter may be taken to the courts as provided in KRS 131.370.

(8) The provisions of KRS 133.120*(5)* [(4)] shall apply to the payment of taxes upon any property assessment for which an application for *relief* [exoneration] has been filed.

(9) The provisions of subsections (4), (5), (6), (7), and (8) of this section shall only apply to appeals growing out of equalization action by the department of revenue under the provisions of KRS 133.150.

Section 7. It is the public policy of the Commonwealth as expressed in the Constitution and as directed by the Court that property be assessed at fair cash value and it is the purpose of this Act to effectuate such policy.

Section 8. KRS 134.030 is amended to read as follows:

(1) In case of extreme drought and the failure of crops in the state, or in case of continued unemployment due to economic changes, or in case of extreme destruction of property by any act of Providence, the governor may, by proclamation, extend the time for payment of any taxes or interest, or both, due to the state or counties, for not less than thirty (30) nor more than ninety (90) days. The proclamation may apply to one or more counties or to the entire state.

(2) When property tax bills are not delivered to the sheriff for collection by October 1 by reason of revaluation under KRS 132.660, KRS 132.690 or KRS 133.150, the Department of Revenue shall have the power to authorize a special thirty-day period, commencing upon the date the sheriff receipts for the bills, during which such bills may be paid with two percent discount. Upon expiration of the special thirty-day discount period, collection of taxes shall be in accordance with that provision of KRS 134.020 which would have been in effect had no special discount period been authorized.

(3)[(2)] The sheriffs shall have full relief for any taxes, interest or penalties exacted of them by any law in the event of such proclamation by the governor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) No insurer may cancel a written agreement with a broker or agent with respect to motor vehicle liability insurance or refuse to accept motor vehicle liability insurance business from such broker or agent unless it complies with the provisions of this section.

(2) If an insurer intends to cancel such a written agreement with a broker or agent or to refuse to accept such further business from such broker or agent, it shall give at least sixty days written notice of its intention to the broker or agent and to each person insured by the insurer through the broker or agent. The notice to the insured shall state (a) the intention of the insurer to cancel its agreement with the broker or agent, or not to accept further business from such broker or agent, (b) the right of the insured to replace his insurance, upon its expiration, through the broker or agent with another company, and (c) the right to have the insurance renewed directly by the insurer or by the insurer through another broker or agent.

(3) If an insurer who cancels such a written agreement with a broker or agent or refuses to accept such further business from a broker or agent is not advised in writing that policies it has writing that policies it has written through such agent or broker have been replaced by other insurance, the insurer shall, at least forty-five days prior to the expiration of each such policy, offer to renew the same directly or through another broker or agent; and unless the insurer is thereafter advised by the insured that he does not wish the policy to be renewed, the insurer shall, upon tender of the appropriate premium, renew the policy for at least one year; provided, however, that nothing contained herein shall preclude the insurer from allowing the insured to pay the premiums on a periodic basis or from cancelling the policy for nonpayment of premiums.

(4) Notwithstanding any other provisions of this section, no insurer may cancel or amend a written agreement with an agent, or broker, or refuse to accept business from such agent or broker if the cancellation or amendment is arbitrary, capricious, unfair, discriminatory, or based in whole or part upon the race, creed, color, religion, national origin, place of residency of the agent or broker, his applicants or policyholders.

Section 2. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) Whenever an insurer gives notice of its intention to cancel or not to renew a policy of insurance other than life, health or motor vehicle liability insurance issued in this State as hereinafter required in subsection (3) hereof, or before it cancels any such policy of insurance for a reason other than for nonpayment of premium, the insurer shall notify the insured of his possible right to replace such insurance through the Kentucky Property Insurance Placement Facility, or any other facility, if there be such, and he may be eligible therefor.

(2) The notice shall contain the current address and telephone number of the offices of such plan. It shall be sent to the insured in the same manner and at the same time as the first written notice of cancellation or of intention not to renew given or required by law, regulation or contract.

(3) The insurer shall see that written notice of intention to cancel for a reason other than nonpayment of premium or notice of intention not to renew a policy issued in this State is sent to the insured not less than 45 days prior to the date of the proposed cancellation or expiration of the policy, as the case may be. Notice given the insured by an insurance broker or agent on behalf of the insurer shall be deemed to have been given by the insurer for the purposes of this subsection; provided, however, that no such notices shall be required where the agent or broker has replaced the insurance.

Section 3. A new section of Subtitle 12 of KRS Chapter 304 is credited to read as follows:

(1) No insurer shall (a) cancel or fail to renew a policy of motor vehicle liability insurance issued in this State, as to any resident of the household of the named insured, for any reason other than non-payment of premium, or (b) increase a premium for any coverage on any such policy unless the increase is part of a general increase in premiums approved by the Commissioner and does not result from a reclassification of the insured, or (c) reduce the coverage under any such policy unless the reduction is part of a general reduction in coverage approved by the Commissioner of Insurance.

(2) An insurer intending to take an action subject to the provisions of this section shall, on or before forty-five days prior to the proposed effective date of the action, send written notice of its intended action to the insured at his last known address. The notice shall be in triplicate, and shall state in clear and specific terms, on a form approved by the Commissioner of Insurance.

(a) the proposed action to be taken, including, if the action is an increase in premium or reduction in coverage, the amount of increase and the type of coverage to which it is applicable, or the type of coverage reduced and the extent of the reduction;

(b) the proposed effective date of the action;

(c) the insurer's actual reason or reasons for proposing to take such action. The statement of reasons shall be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision, without making further inquiry. Generalized terms such as "personal habits," "living conditions," "poor morals," or "violation or accident record" shall not suffice to meet the requirements of this section;

(d) if there is coupled with the notice an offer to continue or renew the policy in accordance with Section 6 of this Act, the name or the person or persons to be excluded from coverage, and what the premium

would be if the policy is continued or renewal with such person or persons excluded from coverage;

(e) the right of the insured to protest the proposed action and request a hearing thereon before the Commissioner by signing two copies of the notice and sending them to the Commissioner within ten days after receipt of the notice.

(f) that if a protest is filed by the insured, the current insurance will remain in effect until a determination is made by the Commissioner upon payment of any lawful premium due or becoming due prior to the determination;

(g) the authority of the Commissioner to award reasonable counsel fees to the insured for services rendered to the insured in connection with any such hearing if he finds the proposed action of the insurer to be unjustified.

(3) Any statement of reasons contained in the notice given pursuant to subsection (2) (c) hereof shall be privileged and shall not constitute grounds for any action against the insurer or its representatives or any person who in good faith furnishes to the insurer the information upon which the statement is based.

(4) An insured shall have the right to protest the proposed action of the insurer by signing two copies of the notice and sending them to the Commissioner within ten days after receipt of the notice. The Commissioner shall, upon receipt of a protest, notify the insurer of the filing of the protest.

(5) A protest duly filed shall stay the proposed action of the insurer pending a final determination thereof by the Commissioner, and the insurer shall keep in full force and effect the same coverage and premium in effect on the day the notice of proposed change was sent until such final determination is made, provided that any lawful premium due or becoming due prior to such determination is paid.

(6) If the Commissioner finds from the notice that the protest is without merit, he may dismiss the protest is dismissed without a hearing, the proposed action of the insurer shall become effective on its proposed effective date. In all other cases the Commissioner shall hold a hearing on the protest within thirty days after receipt of the protest and shall give written notice of the time and place thereof to the insurer and the insured at least ten days prior to the scheduled date of the hearing. The insurer shall have the burden of proving its proposed action to be justified, and, in doing so, may rely only upon the reasons set forth in its notice to the insured.

(7) If the Commissioner finds the proposed action to be justified, he shall dismiss the protest and allow the proposed action to be taken on the later of (a) its proposed effective date, or (b) fifteen days after the date of the determination. If the Commissioner finds the proposed action to be unjustified, he shall disallow the action, and may, in addition, order the insurer to pay such reasonable counsel fees incurred by the insured for representation at the hearing as he may deem appropriate. The Commissioner may delegate the duties and powers conferred in this section to one or more employes or hearing examiners.

Section 4. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) Insurers have a duty to provide each policyholder with a notice of renewal premium due at least 17 days in advance of the due date, unless a notice of intention not to renew has been furnished in compliance with Sections 2 and 3 of this Act. This duty may be discharged by any duly licensed agent or brokers.

(2) If there is a failure to discharge the duty set forth in subsection (1) of this section, and thereafter the policyholder fails to make timely payment of the renewal premium the insurer must:

(a) Provide coverage for any claim which would have been covered under the policy, if it arises within 45 days after the date the insured discovers or should have discovered that his policy has not been renewed and,

(b) Renew the policy upon tender of payment, provided the tender is made within 30 days after the policyholder discovers or should have discovered that his policy has not been renewed.

(3) The duty imposed by subsection (1) of this section will be deemed discharged if the insurer shows that its established procedures would have resulted in the placing in the United States mail of the notice of renewal premium due, provided there is no showing that in fact the notice was not placed in the mail.

Section 5. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) Definitions. - "Applicant" as used in this section is defined to mean the person seeking to purchase an insurance policy other than a policy of life, health or motor vehicle liability insurance whether such policy be a renewal policy or as a reinstatement of a cancelled policy.

"Reason" as used in this section is defined to include "reasons."

(2) All applicants. - If an insurer cancels or refuses to renew a policy, such insurer must furnish to the applicant a statement of the actual reason therefor, or that the actual reason will be provided upon request, if:

(a) The duly authorized premium has been tendered or paid.

(b) A written request for the actual reason has been made within thirty days after receipt of the statement of intention to cancel or not renew, whether or not the applicant subsequently is accepted under any of the plans set forth in subsection (5) of this section.

(3) Existing policyholders. - In the case of cancellation or refusal to renew, subsection (2) of this section is applicable if the actual policy has been issued or if a bonder has been in effect for at least fifteen days.

(4) Requirements as to statements. - If a statement of actual reason, or a statement refusing an application, is furnished substantially pursuant to subsections (2), (3), or (4) of this section, it shall be subject to the following:

(a) It shall be privileged and shall not constitute grounds for any action against the insurer or its representatives or any person who in good faith furnishes to the insurer the information upon which the statement is based;

(b) A copy of the statement shall be furnished to the Commissioner;

(c) The statement must be made by the insurer or its duly authorized agent within ten days after receipt by the insurer of a request therefor;

(d) If not made pursuant to request; the statement must contain notice to the applicant that he has a right to request the actual reason therefor, provided he makes the request within thirty days after receipt of the statement of refusal to issue or intention to cancel or nor renew and that any such statement will be retained as a public record in the division;

(e) The reason given must be sufficiently clear and specific so that an applicant of reasonable intelligence will be able to identify the basis for the insurer's decision without making further inquiry. Generalized terms such as personal habits, living conditions, poor morals, violation or accident record, are not adequate to meet this requirement.

(5) Applicability to availability programs. - The provisions of this section shall apply to the Kentucky automobile insurance plan, the Kentucky property insurance placement facility, and to any other plans which may be instituted to assure availability of insurance, unless explicitly excluded.

Section 6. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) In any case where an insurer is authorized under this subtitle to cancel or non-renew or increase the premiums on an automobile liability insurance policy under which more than one person is insured because of the claim experience or driving record of one or more but less than all of the persons insured under the policy, the insurer shall in lieu of cancellation, non-renewal, or premium increase offer to continue or renew the insurance, but to exclude from coverage, by name, the person or persons whose claim experience or driving record would have justified the cancellation or non-renewal. The premiums charged on any such policy excluding a named driver or drivers shall not reflect the claims, experience or driving record of the excluded named driver or drivers.

(2) With respect to any person excluded from coverage under this section, the policy may provide that the insurer shall not be liable for damages, losses, or claims arising out of his operation or use of the insured motor vehicle, whether or not such operation or use was with the express or implied permission of a person insured under the policy.

Section 7. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

If any insurer fails to comply with the provisions of Section 2, 3, 4, or 5 of the Act such insurer shall be liable to the applicant for the coverage which was requested, or which would have become effective except for the failure to comply with this section, unless the person seeking coverage no longer wishes the coverage, has obtained other substantially equivalent coverage, or fails to tender or pay the premium after reasonable demand therefor has been made. Such liability is in addition to any other penalties applicable pursuant to law.

Section 8. A new section of KRS Chapter 411 is created to read as follows:

(1) In all actions brought to recover damages for death, injuries to a person, or injuries to property caused by the negligence of another, the fact that the plaintiff may have been guilty of contributory negligence shall not bar a recovery unless the trier of fact finds that the contributory negligence of the plaintiff was equal to or exceeded by comparison, the negligence of the plaintiff was equal to or exceeded by comparison, the negligence of the defendant or defendants as the proximate cause of the death or injuries.

(2) The contributory negligence of the plaintiff, shall, if less, by comparison, than the negligence of the defendant or defendants, be considered by the trier of fact in the mitigation of damages in proportion to the amount of contributory negligence attributable to the plaintiff. In each case, the trier of fact shall, in its verdict, find separately (a) the amount of damages, if any, to be awarded to the plaintiff assuming that the plaintiff was not guilty of any contributory negligence, (b) the amount, expressed in percentage, of total negligence proximately causing the death or injuries attributable to the plaintiff as contributory negligence, and (c) the net award to the plaintiff, which shall be the total award of damages reduced by a percentage thereof equal to the percentage of negligence attributable to the plaintiff.

Section 9. A new section of KRS 411 is created to read as follows:

In any claim or cause of action in tort for personal injury or death arising out of the operation of a motor vehicle, whether determined by judgment, arbitration, or settlement, in which the right to or amount of compensation of the claimant's attorney is contingent in whole or in part upon the amount of recovery, the compensation shall not exceed 25% of the first $5,000 of recovery and 33 1/3% of the amount of recovery in excess of $5,000.

Section 10. A new section of KRS Chapter 411 is created to read as follows:

(1) In any action for bodily injuries arising from the operation of a motor vehicle in which a money judgment is entered in favor of the plaintiff, the court may, in its discretion, assess interest at the rate of six percent per annum upon the amount of the judgment dating from a time not earlier than the date upon which the action was filed, against any defendant who the court finds caused an inordinate delay in having the action ready or set for trial.

(2) For purposes of this section, a delay caused by a defendant's insurer or counsel shall be deemed to be a delay caused by the defendant.

(3) The granting of two or more postponements of a trail date set by the court or the clerk or assignment officer thereof at the request of one or more defendants may be deemed to be evidence of an inordinate delay caused by such defendant or defendants.

Section 11. A new section of KRS Chapter 187 is created to read as follows:

The clerk shall be entitled to a fee of twenty-five cents for filing such affidavit, bond or certificate of deposit.

Section 12. A new section of KRS Chapter 187 is created to read as follows:

(b) the proposed effective date of the action;

(c) the insurer's actual reason or reasons for proposing to take such action. The statement of reasons shall be sufficiently clear and specific so that a person of average intelligence can identify the basis for the

insurer's decision, without making further inquiry. Generalized terms such as "personal habits," "living conditions," "poor morals," or "violation or accident record" shall not suffice to meet the requirements of this section;

(d) if there is coupled with the notice an offer to continue or renew the policy in accordance with Section 6 of this Act, the name of the person or persons to be excluded from coverage, and what the premium would be if the policy is continued or renewed with such person or persons excluded from coverage;

(e) the right of the insured to protest the proposed action and request a hearing thereon before the Commissioner by signing two copies of the notice and sending them to the Commissioner within ten days after receipt of the notice;

(f) that if a protest is filed by the insured, the current insurance will remain in effect until a determination is made by the Commissioner upon payment of any lawful premium due or becoming due prior to the determination;

(g) the authority of the Commissioner to award reasonable counsel fees to the insured for services rendered to the insured in connection with any such hearing if he finds the proposed action of the insurer to be unjustified.

(3) Any statement of reasons contained in the notice given pursuant to subsection (2) (c) hereof shall be privileged and shall not constitute grounds for any action against the insurer or its representatives or any person who in good faith furnishes to the insurer the information upon which the statement is based.

(4) An insured shall have the right to protest the proposed action of the insurer by signing two copies of the notice and sending them to the Commissioner within ten days after receipt of the notice. The Commissioner shall, upon receipt of a protest, notify the insurer of the filing of the protest.

(5) A protest duly filed shall stay the proposed action of the insurer pending a final determination thereof by the Commissioner, and the insurer shall keep in full force and effect the same coverage and premium in effect on the day the notice of proposed change was sent until such final determination is made, provided that any lawful premium due or becoming due prior to such determination is paid.

(6) If the Commissioner finds from the notice that the protest is without merit, he may dismiss the protest without a hearing, and the proposed action of the insurer shall become effective on its proposed effective date. In all other cases the Commissioner shall hold a hearing on the protest within thirty days after receipt of the protest and shall give written notice of the time and place thereof to the insurer and the insured at least ten days prior to the scheduled date of the hearing. The insurer shall have the burden of proving its proposed action to be justified, and, in doing so, may rely only upon the reasons set forth in its notice to the insured.

(7) If the Commissioner finds the proposed action to be justified, he shall dismiss the protest and allow the proposed action to be taken on the later of (a) its proposed effective date, or (b) fifteen days after the date of the determination. If the Commissioner finds the proposed action to be unjustified, he shall disallow the action, and may, in addition, order the insurer to pay such reasonable counsel fees incurred by the insured for representation at the hearing as he may deem appropriate. The Commissioner may delegate the duties and powers conferred in this section to one or more employes or hearing examiners.

Section 2. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) Insurers have a duty to provide each policyholder with a notice of renewal premium due at least 17 days in advance of the due date, unless a notice of intention not to renew has been furnished in compliance with Section 1 of this Act. This duty may be discharged by any duly licensed agent or brokers.

(2) If there is a failure to discharge the duty set forth in subsection (1) of this section, and thereafter the policyholder fails to make timely payment of the renewal premium the insurer must:

(a) Provide coverage for any claim which would have been covered under the policy, if it arises within 45 days after the date the insured discovers or should have discovered that his policy has not been renewed and,

(b) Renew the policy upon tender of payment, provided the tender is made within 30 days after the policyholder discovers or should have discovered that his policy has not been renewed.

(3) The duty imposed by subsection (1) of this section will be deemed discharged if the insurer shows that its established procedures would have resulted in the placing in the United States mail of the notice of renewal premium due, provided there is no showing that in fact the notice was not placed in the mail.

Section 3. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

(1) In any case where an insurer is authorized under this subtitle to cancel or non-renew or increase the premiums on an automobile liability insurance policy under which more than one person is insured because of the claim experience or driving record of one or more but less than all of the persons insured under the policy, the insurer shall in lieu of cancellation, non-renewal, or premium increase offer to continue or renew the insurance, but to exclude from coverage, by name, the person or persons whose claim experience or driving record would have justified the cancellation or non-renewal. The premiums charged on any such policy excluding a named driver or drivers shall not reflect the claims, experience or driving record of the excluded named driver or drivers.

(2) With respect to any person excluded from coverage under this section, the policy may provide that the insurer shall not be liable for damages, losses, or claims arising out of his operation or use of the insured motor vehicle, whether or not such operation or use was with the express or implied permission of a person insured under the policy.

Section 4. A new section of Subtitle 12 of KRS Chapter 304 is created to read as follows:

If any insurer fails to comply with the provisions of Section 1 or 2 of the Act such insurer shall be liable to the applicant for the coverage which was requested, or which would have become effective except for the failure to comply with this section, unless the person seeking coverage no longer wishes the coverage, has obtained other substantially equivalent coverage, or fails to tender or pay the premium after reasonable demand therefor has been made. Such liability is in addition to any other penalties applicable pursuant to law.

Section 5. A new section of KRS Chapter 411 is created to read as follows:

(1) Contributory negligence shall not bar recovery in an action by any person or his legal representative to recover damages for negligence or gross negligence resulting in death or in injury to person or property, if such negligence was not as great as the negligence or gross negligence of the person against whom recovery is sought, but any damages allowed shall be diminished in the proportion to the amount of negligence attributable to the person recovering. As used in this act, "contributory negligence" includes "assumption of the risk".

(2) The court may, and when requested by any party shall, direct the jury to find separate special verdicts determining the total amount of damages suffered and the percentage of negligence attributable to each party; and the court shall then reduce the amount of the damages in proportion to the amount of negligence attributable to the person seeking recovery.

Section 6. A new section of KRS 411 is created to read as follows:

In any claim or cause of action in tort for personal injury or death arising out of the operation of a motor vehicle, whether determined by judgment, arbitration, or settlement, in which the right to or amount of compensation of the claimant's attorney is contingent in whole or in part upon the amount of recovery, the compensation shall not exceed 25% of the first $5,000 of recovery and 33 1/3% of the amount of recovery in excess of $5,000.

Section 7. A new section of KRS Chapter 411 is created to read as follows:

(1) In any action for bodily injuries arising from the operation of a motor vehicle in which a money judgment is entered in favor of the plaintiff, the court may, in its discretion, assess interest at the rate of six percent per annum upon the amount of the judgment dating from a time not earlier than the date upon which the action was filed, against any defendant who the court finds caused an inordinate delay in having the action ready or set for trial.

(2) For purposes of this section, a delay caused by a defendant's insurer or counsel shall be deemed to be a delay caused by the defendant.

(3) The granting of two or more postponements of a trial date set by the court or the clerk or assignment officer thereof at the request of one or more defendants may be deemed to be evidence of an inordinate delay caused by such defendant or defendants.

Section 8. A new section of KRS Chapter 187 is created to read as follows:

No motor vehicle license shall be issued in this state for any such vehicle and no person shall operate a motor vehicle on the highways of the Commonwealth of Kentucky unless and until he shows proof of financial responsibility in the manner hereinafter provided. Proof of financial responsibility shall be shown by filing with the county clerk an affidavit attesting to the owner's possession of a policy of liability insurance meeting the requirements of this Act which he will maintain for one year, or the filing of a bond (with corporate surety) or certificate of deposit in the amount of $25,000, which bond or certificate is conditioned upon payment by the owner of all damages arising out of the ownership, maintenance or use of such automobile for which said owner is ultimately held liable. The clerk shall be entitled to a fee of twenty-five cents for filing such affidavit, bond or certificate of deposit.

Section 9. A new section of KRS Chapter 187 is created to read as follows:

Every insurance policy which is to be used as proof of financial responsibility by an owner of a motor vehicle shall contain the following liability coverages. Indemnity from legal liability for bodily injury, death or property damage arising out of ownership, maintenance or use of the vehicle to the limit, exclusive of interest and costs, of at least $10,000 per person for bodily injury or death; $20,000 per accident for bodily injury or death; and $5,000 per accident for property damage.

Section 10. A new section of KRS Chapter 187 is created to read as follows:

(1) Any person who violates the provisions of Section 8 of this Act by operating a motor vehicle at any time without proof of financial responsibility shall be fined not less than $100, nor more than $500 and may be imprisoned for not more than six (6) months.

(2) Any person who knowingly and wilfully violates the provisions of Section 8 of this Act by falsely swearing to the ownership of the insurance required, shall be fined not less than $500, nor more than $1,000,

and may be imprisoned for not more than one (1) year.

Section 11. This Act shall become effective on January 1, 1975.

Section 12. KRS 187.290, 187.330 to 187.590, 187.610, 187.620 and 304.20-040 are repealed.

SB 175, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 299 is created to read as follows:

Upon the effective date of this Act no company not previously licensed shall be licensed to engage in the business of life and casualty insurance as set forth in KRS 299.020 through 299.215.

SB 234, AN ACT relating to group insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of Subtitle 18 of KRS Chapter 304 is created to read as follows:

(1) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical benefits other than for specific diseases or accidental injury only, shall provide that if coverage terminates for any reason and if the individual has been continuously insured under a group policy and under any group policy it replaces for at least three months immediately preceding the termination of coverage, he shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semi-annual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong and to their ages and to the form and amount of insurance provided.

(2) The converted policy shall cover the person or member and his eligible dependents covered by the group policy on the date the group policy terminated. The effective date of any such converted policy shall be the date of termination of insurance under the group policy.

(3) The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such person, together with the converted policy, would result in over insurance according to the insurer's standards relating to policies converted from group policies. A converted policy made available pursuant hereto shall comply with section 2 of this Act if delivery of such converted policy is to be made in this state; and, if delivery of such converted policy is to be made elsewhere, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made and which provides substantially in compliance with that required by section 2 of this Act.

(4) In the event coverage would be continued under the group policy on a person or member following his retirement prior to the time he is or could be covered by Medicare, he may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment.

(5) The conversion privilege shall also be available: (a) to the surviving spouse, at the death of the person or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of the death of the person or member and (b) to a child solely with respect to himself upon termination of his coverage by reason of operation of the limiting age of coverage under the group policy while covered as a dependent thereunder.

(6) This section shall not apply to group major medical expense insurance which supplements basic hospital, medical and surgical coverage under one or more group policies, group contracts or group remittance contracts from which a converted policy or a continuation of coverage is available providing benefits equivalent to the minimum benefits for a converted policy under this section.

(7) If a person or member becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person or member has not been given written notice of the existence of the conversion privilege stated above, within 31 days of termination of the group coverage, then in such event the person or member shall have an additional period within which to exercise the conversion privilege. This additional period shall expire 15 days after the person or member shall have been given said notice but in no event shall the additional period extend beyond 60 days after the expiration of the 31-day conversion period stated above. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member or mailed by the insurer to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person or member for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the 31-day conversion period stated above, but within the additional period allowed an employe or member in accordance with this paragraph, the effective date of the converted policy shall be the date of termination from the group.

Section 2. A new section of Subtitle 18 of KRS Chapter 304 is created to read as follows:

(1) A converted policy issued pursuant to the conversion privilege contained in a group policy providing hospital or surgical expense insurance shall provide on an expense incurred basis, the following minimum benefits:

(a) Hospital room and board benefits of twenty-five dollars per day, for a minimum duration of seventy days for any one period of hospital confinement as defined in the converted policy.

(b) Miscellaneous hospital expense benefits for any one period of hospital confinement in a minimum amount up to twenty times the hospital room and board daily benefit provided under the converted policy.

(c) Surgical operation expense benefits according to a relative value schedule, or a minimum of $250.

(2) The relative values in the surgical schedule shall be consistent with the Schedule of Operations generally offered by the insurer under group or individual health insurance policies. In the event that the insurer and the group policyholder agree upon one or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may, at his option, elect such a plan in lieu of a converted policy providing the benefits of (a), (b) and (c) in subsection (1). In no event shall the benefits be less than the minimums set forth in subsection (1) of this section.

(3) In no event need the insurer provide under the converted policy: (a) benefits on account of pregnancy, childbirth, miscarriage, abortion. or complications of any thereof, (b) the benefits of (a) and (b) of subsection (1) above, unless the group policy from which conversion is made provided hospital expense insurance benefits, or (c) the benefits of (c) of subsection (1) above, unless the group policy provided surgical expense insurance benefits. Furthermore, the converted policy may contain any exclusion, reduction, or limitation contained in the group policy and any exclusion, reduction or limitation customarily used in individual policies issued by the insurer. With respect to any person who was covered by the group policy, the period specified in the Time Limit on Certain Defenses of the Incontestable provision of the converted policy shall commence with the date the insurance on such person or member became effective under the group policy.

(4) The converted policy may provide that any hospital, surgical, or medical expense benefits otherwise payable thereunder with respect to any person covered thereunder may be reduced by the amount of any such benefits payable under the group policy for the same loss with respect to such person after termination of such person's coverage thereunder. The insurer shall not be entitled to use deterioration of health as the basis for refusing to renew a converted policy. The converted policy may provide for termination of coverage thereunder on any person when he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded).

(5) A converted policy may include a provision whereby the insurer may request information in advance of any premium due date of such policy of any person covered thereunder as to whether (a) he is covered for similar benefits by another hospital, surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute. If any such person is so covered or such statutory benefits are provided or available, and such person fails to furnish the insurer the details of such coverage within thirty-one days after the date of such request, the benefits payable under the converted policy may be based on the hospital or surgical or medical expenses actually incurred after excluding expenses to the extent of the amount of benefits provided or available therefor from any of the sources referred to in (a) and (b) above. A converted policy may contain any provisions permitted herein and may also include any other provisions not expressly

prohibited by law; and any provision required to be permitted herein may be made a part of any such policy by means of an endorsement or rider.

Section 3. KRS 304.32-270 is amended to read as follows:

SB 247, AN ACT relating to the Foundation Program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the Superintendent of Public Instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for special instructional services for exceptional children, classroom units for superintendents, principals and their certificated assistants and special instructional service personnel, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) In allotting classroom units for elementary and secondary schools, one classroom unit shall be included for each twenty-seven pupils in average daily attendance; provided, however, that one classroom unit shall be included for each isolated one-teacher school and one unit shall be included for each twenty-five pupils in average daily attendance at all other isolated schools.

(3) Under the provisions of subsections (6) and (7) of this section, the average daily attendance, as defined in KRS 157.320 (1), shall be deducted for pupils enrolled in new classroom units allotted after July 1, 1974; provided, however, no deduction shall be made for pupils attending State Vocational-Technical schools or state-operated Vocational Education Centers. For the purpose of this subsection, a new classroom unit shall be defined as any additional vocational or exceptional children unit contained in the biennial budget for 1974-75 above the allotment from the previous biennial budget for 1973-74. Any average daily attendance deducted under this subsection shall be in accordance with regulations of the State Board of Education as recommended by the Superintendent of Public Instruction.

(4)[(3)] Allotments of classroom units in accordance with subsection (1) of this section shall be made on the average daily attendance for the previous school year; provided, however, that if the average daily attendance in any district for the first two months of the current school year is greater than the average daily

attendance of the district for the first two months of the previous school year, upon application of the district board, made prior to December 1, the total number of classroom units allotted the district shall be increased by the percent of increase. [except for districts participating in a year-round school program as defined in subsection (15) of KRS 157.320. For districts participating in a year-round school program approved by the State Board of Education, upon the recommendation of the Superintendent of Public Instruction, the total number of classroom units allotted the district shall be increased by the average percentage of gain in the first two months' attendance during the three years immediately prior to participating in a year-round school program. In the event that a district participating in an approved year-round school program experiences a financial emergency due to unanticipated growth, the State Board of Education, upon the recommendations of the State Superintendent of Public Instruction, may adopt regulations which will insure that the district will share equitably in foundation program funds for that school year. In the event that a district participating in an approved year-round school program experiences a reduction in pupils, the State Board of Education, upon the recommendation of the Superintendent of Public Instruction, may adopt regulations which will equitably reduce the district's foundation program allotment.] If the average daily attendance of any district shall have been reduced more than three percent during the previous school year due to such factors as epidemics, inclement weather, or disaster, upon application of the district superintendent, made before July 1 of that year, the number of classroom units allotted the district for the ensuing school year shall be increased by the difference in percent between the ratio of the average daily attendance to the average daily membership for the scholastic year just ended, and the ratio of the average daily attendance to the average daily membership for the two highest of the three preceding scholastic years.

(5)[(4)] In allotting classroom units for vocational education, one classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the State Plan of Vocational Education as approved by the State Board of Education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach evening, part-time, or short unit classes for less than a school day or a school year that meet the regulations of the State Plan of Vocational Education as approved by the State Board of Education.

(6)[(5)] In allotting classroom units for special instructional services for exceptional children, one classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and regulations of the State Board of Education.

(7)[(6)] In allotting classroom units for superintendents, principals, their certificated assistants, and special instructional service personnel, the total number of classroom units allotted in subsections (2), *(5)*[(4)], and *(6)*[(5)] shall be divided by eight and the quotient shall be the number of classroom units allotted to the district for superintendents, principals, their certificated assistants and such special instructional service personnel as are authorized by regulations of the State Board of Education.

(8)[(7)] In allotting classroom units for supervisors of instruction, one-half of a classroom unit shall be allotted each district which is allotted twenty-five through forty-nine classroom units under subsections (2), *(5)* [(4)], and *(6)*[(5)]; one unit shall be allotted each district which is allotted fifty to one hundred classroom units, one unit shall be allotted for each one hundred classroom units, or major fraction thereof, in districts allotted more than one hundred classroom units under these subsections.

(9)[(8)] In allotting classroom units for directors of pupil personnel, one classroom unit shall be allotted each district which is allotted thirty-six to one hundred and sixty-six classroom units under subsection (2) and a unit for each additional two hundred and sixty-six classroom units or fraction thereof allotted under subsection (2). For districts having fewer than thirty-six classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10)[(9)] In allotting classroom units for kindergarten, the Superintendent of Public Instruction, under regulations of the State Board of Education, may allot units for kindergarten.

(11)[(10)] In allotting classroom units under subsection (1) through *(10)* [(9)] the Superintendent of Public Instruction, under regulations of the State Board of Education, may allot units on the basis of an area larger than a district for educational services which cannot be adequately and economically provided on a district basis.

Section 2. KRS 157.370 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the Superintendent of Public Instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the regulations of the State Board of Education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one mile or more from school, provided that handicapped

children may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with State Board of Education regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation, determined in accordance with the regulations of the State Board of Education provided that if one district authorizes another district to provide transportation for a part of its area, such area served shall be deducted from the area served by that district and added to the area served by the district providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The Superintendent of Public Instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for all density groups as provided in subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Such costs shall be determined separately for county school districts and independent school districts, provided that no independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the Foundation Program and such costs shall be recalculated each biennium.

(7) The scale of transportation costs included in the Foundation Program for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, 1960.

(8) This section applies to those districts participating in a year-round school program. In calculating the tentative graph adjusted pupil transportation program cost for the district, the graph adjusted cost per pupil per day shall be calculated for the entire school year on the same basis provided in subsection (1) through (7) of this section. However, in determining the total days' attendance to be multiplied by the cost per pupil per day, the average daily attendance for transportation as determined in accordance with the provisions of subsection (3) of this section for the most recent prior school year shall be increased by the average percentage increase in average daily attendance for transportation as shown in the district's tentative pupil transportation cost calculation for the three years immediately prior to the district's engaging in a year-round school program.

(9) For a district participating in a year-round school program, in determining the amount to be added to the district's tentative pupil transportation program cost for growth, the district's tentative pupil transportation program cost calculation for each school year shall be multiplied by the average percentage of growth in average daily attendance for transportation as determined in accordance with the provisions of subsection (3) of this section for the three years immediately prior to the district's engaging in the year-round school program.

(10) The cost of transporting a district's pupils from the parent school to a State Vocational-Technical School or to a Vocational Educational Center shall be calculated separately from the calculation required by sections (1) through (9) of this statute. The amount calculated shall be paid separately to each district from Minimum Foundation Program Funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with State Board of Education regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district's public common school system.

(11) The State Board of Education, by regulation, shall determine the type of handicapped pupil that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days attendance multiplied by 5.0 and added to that part of the district's aggregate days attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

Section 3. KRS 157.400 is amended to read as follows:

(1) The amount of money distributable to each district from the public school foundation program fund shall be determined by subtracting the required local tax effort from the total foundation program allotment for the district as determined in KRS 157.390.

(2) (a) If it shall be determined in subsection (1) of this section that the amount of money distributable to a school district for the school year *1974-75* [1972-73] shall be less than *$300* [$263] per pupil in average daily attendance and, beginning in the *1975-76* [1973-74] school year, that the amount of money distributable to a school district shall be less than *$327* [$280] per pupil in average daily attendance, then the

apportionment for that district shall be increased to *$300* [$263] per pupil in average daily attendance in *1974-75* [1972-73] beginning in the *1975-76* [1973-74] school year the apportionment for that district shall be increased to *$327* [$280] per pupil in average daily attendance; provided, however, if a district fails to provide the total potential classroom units under subsections (2), *(7)*[(6)], *(8)*[(7)] and *(9)*[(8)] of KRS 157.360 and at least as many classroom units under subsections *(5)*[(4)]and *(6)*[(5)] of KRS 157.360 as were provided in each of these subsections in 1955-56, any increase in the apportionment called for in this subsection shall be reduced to the extent that the district fails to provide the classroom units.

(b) The average daily attendance referred to in this subsection shall be the prior year average daily attendance of the district adjusted proportionally for any increase in classroom units allotted the district under provisions of subsection *(4)*[(3)] of KRS 157.360.

(c) The classroom unit requirement under this subsection relating to classroom units under subsections *(5)*[(4)] and *(6)*[(5)] of KRS 157.360 may be waived for any district by the Superintendent of Public Instruction when it is shown that the need for these educational services no longer exists.

(3) In the event a district whose appropriation is increased under subsection (2) of this section is allotted classroom units under subsections *(5)*[(4)] and *(6)*[(5)] of KRS 157.360 in excess of the number of such units allotted that district in 1955-56, then the allotment to that district determined in subsection (2) of this section shall be increased by the foundation program cost of these units determined in accordance with subsections (2), *(4)*[(3)] and *(5)*[(4)] of KRS 157.390.

(4) If the allotment to a school district as determined in subsections (2) and *(4)*[(3)] of this section is an amount less than the allotment per pupil in average daily attendance during the next immediately preceding fiscal year, then the allotment shall be increased by an amount necessary to provide a per pupil average daily attendance allotment equal to the per pupil average daily attendance allotment for the next immediately preceding year; provided, however, if a district fails to provide the total potential classroom units under subsections (2), *(7)*[(6)], *(8)*[(7)], and *(9)*[(8)] of KRS 157.360 and at least as many classroom units under subsection *(5)*[(4)] or *(6)*[(5)] of KRS 157.360 as were provided in 1955-56, any increase in the apportionment called for in this subsection shall be reduced to the extent that the district fails to provide the classroom units.

(5) So much of the public school foundation program fund which would not be distributed under subsections (1) through (5), inclusive, of this section, due to the failure of one or more participating districts to meet the full requirement, shall be held in the account for distribution the following year among districts which meet the requirements for participation.

"Section 2. KRS 271A.425 is amended to read as follows:

Triplicate [Quadruplicate] originals of the statement of intent to dissolve, whether by consent of shareholders or by act of the corporation, shall be delivered to the secretary of state. If the secretary of state finds that such statement conforms to law, he shall, when all taxes, fees and charges have been paid as prescribed by law:

(1) Endorse on each of such *triplicate* [quadruplicate] originals the word "Filed," and the month, day and year of the filing thereof;

(2) File one of the *triplicate* [quadruplicate] originals in his office;

However, if after thirty days have elapsed *since the notice from the secretary of state was forwarded to the commissioner of revenue as provided by KRS 271A.425* [the statement of intent to dissolve was forwarded to the commissioner of revenue as provided in KRS 271A.425, no notice that taxes are due has been filed with the secretary of state by the commissioner of revenue], the secretary of state shall proceed as if approval had been given, but if it is later determined that the corporation is indebted for taxes to the state or any of its political subdivisions, this provision shall not relieve any such liability. When approval of the commissioner of revenue has been given or deemed to have been given as above provided, and when the fees due the secretary of state have been paid, the secretary of state shall, if he finds the articles of dissolution conform to law:

(a) Endorse on each of such triplicate originals the word "Filed", and the month, day and year of the filing thereof;

One of such triplicate originals shall then be filed with and recorded by the clerk of the county court in the county in which is situated the registered office of the corporation. (a) He shall have given the corporation not less than sixty days' notice thereof by mail addressed to its registered office in this state, and

Of the seven members so appointed three shall be licensed practical nurses, two of whom shall be graduates of an approved school of practical nursing, and all of whom shall have had not less than five years' experience as licensed practical nurses; one shall be a registered professional nurse, who shall be experienced in practical nurse education; one shall be a doctor of medicine; one shall be a hospital administrator actively engaged as such in this state and one shall be a vocational educator. The doctor of medicine so appointed shall be selected by the Governor from two nominations submitted by the Kentucky State Medical Association; each registered professional nurse so appointed shall be selected by the Governor from two nominations submitted by the Kentucky Nurses Association; the hospital administrator shall be appointed by the Governor from two nominations submitted by the Kentucky Hospital Association; and the vocational educator shall be appointed by the Governor from two nominations submitted by the State Board of Education. Any member of the board may be eligible for reappointment, but no member shall serve more than two successive terms.

(2) The board is hereby authorized to appoint and employ a qualified person to perform the duties of executive secretary and to act as educational advisor to the board. Such secretary shall act under the direction of the board. The board shall furnish the secretary a headquarters and shall provide such office equipment and clerical assistance as the duties of the office may require. The board shall have power to appoint such nurses, deputies, clerks, assistants, inspectors and employes as shall be necessary for the proper exercise of the powers and duties of the board. The compensation and expenses of the members of the board and its appointees and employes shall be paid out of such funds as are allocated to the board in its annual budget. The secretary shall keep the records of proceedings of the board, and shall keep a registry of the names and addresses of all practical nurses registered under this Act, which registry shall be a public record. Said board shall hold not less than four regular meetings each year and such additional meetings at such time and places as the board may determine.

(3) The board is authorized to adopt and, from time to time, to revise such rules and regulations not inconsistent with this Act, as may be necessary to enable it to carry into effect the provisions of this Act. The board shall prescribe curricula and standards for schools and courses preparing persons for licensure under this Act. It shall survey such schools and courses at such times as it may deem necessary. It shall survey and accredit such schools, clinical practice areas and courses as meet the requirements of this Act and of the board. Section 5. A new section of KRS Chapter 314 is created to read as follows:

(1) Any applicant for a license under the provisions of this Act shall pay such fee as the board shall prescribe and except as hereinafter provided, shall be required to pass a written examination in such subjects as the board shall determine. Each written examination may be supplemented by such oral or practical examination as the board may deem necessary. The board shall determine the times and places for the examination. Notices of examination shall be sent by mail to each person known by the secretary to be an applicant for an examination or registration at least thirty (30) days prior to any such scheduled examination. Upon the applicant's successful completion of an appropriate examination as prescribed by the board and satisfaction of the other requirements of this Act, the board shall issue to the applicant a license to practical nursing.

(2) The board shall issue a license by endorsement to any applicant who has been duly licensed or registered as such, or to a person entitled to perform similar services under a different title, in another state, territory or foreign county if, in the opinion of the board, the applicant meets the other requirements for licensed practical nurses in this state. On or before June 13, 1974, any practical nurse who exhibits proof, satisfactory to the board, that he or she has been engaged in practical nursing in this state for a period of three years shall be issued a license by waiver of the board, which shall be so designated on its face.

(3) Any person obtaining a license by waiver who has completed extension courses equal in theory to those for the graduate practical nurses, as determined by the board, may at any time thereafter take the examination prescribed by the board for graduate practical nurses and obtain a license without the designation of "waiver" thereon.

Section 6. A new section of KRS Chapter 314 is created to read as follows:

(1) The license of every person licensed under the provisions of this Act shall expire on June 13, next following the date of license. In order for such license to be renewed, the licensee shall comply with such rules and regulations of the board as are applicable to renewals. The renewal fee for all licenses shall be set by the board. Upon receipt of the renewal fee the board shall issue to the licensee a certificate of renewal for the current year, beginning July 1, and expiring June 13, of the following year. Such certificate shall render the holder thereof a legal practitioner for the period stated on the certificate of renewal.

(2) Any licensee who allows his or her license to lapse by failing to renew the license as provided above may be reinstated by the board on satisfactory explanation for such failure to renew his or her license and on payment of a reinstatment fee, in addition to the renewal fee established by the board.

(3) A person licensed under the provisions of this Act desiring to retire from practice temporarily shall give written notice of such desire to the board. Upon receipt of such notice the board shall place the name of such person upon the non-practicing list. While remaining on this list the person shall not be subject to the payment of any renewal fees and shall not practice as a licensed practical nurse in the state. When such person desires to resume practice, application for renewal of license and payment of the renewal fee for the

current year shall be made to the board.

Section 7. A new section of KRS Chapter 314 is created to read as follows:

It shall accredit such schools, clinical practice areas and courses as meet the requirements of this Act and of the board. An institution desiring to conduct a school of practical nursing to be accredited by the board as such shall file an application therefor with the board; together with the information required and such fee as may be prescribed by the board. It shall submit satisfactory evidence that: (a) it is prepared to give the course of instruction and practical experience in practical nursing as prescribed in the curricula adopted by the board; and (b) it is prepared to meet other standards established by this law and by the board.

(2) A survey of the institution or institutions, with which the school is to be, or is, affiliated, shall be made by the executive secretary of the board. The executive secretary shall submit a written report of the survey to the board. If, in the opinion of the board, the requirements for an accredited school of practical nursing are met, it shall approve the school as an accredited school of practical nursing. From time to time as deemed necessary by the board, it shall be the duty of the board, through its executive secretary, to survey all schools of practical nursing in the state. Written reports of such surveys shall be submitted to the board. If the board determines that any accredited school of practical nursing is not maintaining the standards required by the statutes and by the board, notice thereof in writing specifying the defect or defects shall be immediately given to the school. A school which fails to correct these conditions to the satisfaction of the board within a reasonable time shall be removed from the list of accredited schools of practical nursing and shall be in violation of this Act.

(3) Nothing contained in this Act shall infringe upon the rights or power of the state board of education, or county board of education to establish and conduct a program of practical nurses, education or other health occupation as long as the prescribed curricula meets the requirements of the board.

Section 8. A new section of KRS Chapter 314 is created to read as follows:

HB 628, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.590 is amended to read as follows:
(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.
(2) Each application shall be accompanied by a specified fee. The fee shall be twenty-five dollars ($25.00) for each well to be drilled, deepened or reopened for the production of oil or gas; ten dollars ($10.00) for each well drilled, deepened or reopened for the injection of water, gas or other fluid therein; ten dollars ($10.00) for each well to be drilled, deepened or reopened as a part of a program for the recovery of oil and gas by secondary recovery methods, except that the fee in no event shall exceed one hundred dollars ($100) for the permits issued in this last case for all wells on each separately leased tract; and ten dollars ($10.00) for each water supply well, and geological or structure test hole to be drilled or deepened.
(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.
(4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by the applicant, a qualified employe of the applicant, a person approved by the department, or an engineer registered in Kentucky, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat shall be certified accurate and correct only by an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by

the director or an engineer registered in Kentucky.

(5) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond, the department shall, except as provided in this section, require from the well operator a bond in the sum of *$1,500* [$1,000] in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified;[.] *and conditioned further that upon the completion of a producing well the surface around the drill site shall be restored as nearly as possible to its former condition prior to the drilling of the well and that upon abandonment of any well including, but not limited to, producing wells, dry holes, injection wells, and disposal wells, all excavations shall be filled in, all concrete bases, discarded machinery and material shall be removed, all surface casing shall be cut off not less than eighteen inches below surface level and the surface shall be restored as nearly as possible to its former condition prior to the drilling of the well; and conditioned further that if a well, when abandoned, is the last remaining well on the property, all of the property, including but not limited to, access roads, areas used for tank batteries, workshops, field offices and power stations, shall be restored as nearly as possible to its former condition prior to the drilling of any wells on the property and the construction of such accessory facilities.* The bond shall remain in effect until the plugging of the well *and the restoration of the surface are* [is] approved by the department, *and* [or] the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of *$7,500* [$5,000,] covering all wells drilled or to be drilled in the commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(6) Notification in writing to the department by a successor to the well operator with bond as provided in subsection (5) that said successor is assuming the obligations of this chapter as to a particular well or wells[,] will relieve the original permittee of responsibility under this chapter with respect to such well or wells.

(7) If the requirements of subsection (5) with respect to proper plugging *and restoration of the surface* upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(8) When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture.

(9) All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging *and surface restoration* fund. This fund shall be available to the department and may be expended for the plugging of any abandoned wells *and the restoration of the surface* coming within the authority of the department pursuant to this chapter. The plugging of any well *and the restoration of the surface* pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist [except for such plugging]. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(11) For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

In addition, zoning may be employed to provide for vehicle parking and loading space, as well as to facilitate fire and police protection, and to prevent the overcrowding of land, blight, danger, and congestion in the circulation of people and commodities, and the loss of life, health, or property from fire, flood or other

dangers. Zoning may also be employed to protect airports, highways, and other transportation facilities, public facilities, including schools and public grounds, historical districts, central business districts, natural resources, and other specific areas of the planning unit which need special protection by the planning unit.

Section 6. KRS 100.203 is amended to read as follows:

(2) The text may provide that the planning unit, as a condition to the granting of any zoning change, may require the submission of a development plan which, where agreed upon, shall be followed. As a further condition to the granting of a zoning change, the planning unit may require that substantial construction be initiated within a certain period of time of not less than one year; provided that such zoning change shall not revert to its original designation unless there has been a public hearing.

(3) The text may further provide, in relation to an approved development plan:

(a) A procedure for amending the plan;

(b) That no building permits shall be issued for construction, location or use of land or improvements except as they comply with such plan; and

(5)[(4)] Text provisions to the effect that land which is used solely for agricultural, farming, dairying, stock-raising, *forestry* or similar purposes shall have no regulations imposed as to building permits, certificates of occupancy, height, yard, location or courts requirements for agricultural buildings, except that (a) setback lines may be required for the protection of existing and proposed streets and highways, and (b) that all buildings or structures in a designated floodway or flood plain or which tend to increase flood heights or obstruct the flow of flood waters may be fully regulated.

(6) The text may provide that the planning unit, legislative body or fiscal court may recommend or enact a zoning classification amendment upon any one or all of the following conditions whenever such conditions are deemed necessary to protect the best interests of, and assure a development more compatible with, the surrounding property or neighborhood, or to secure an appropriate development in compliance with the objectives and elements of the Comprehensive Plan:

(a) Only for specific uses or purposes;

(b) That development be in strict conformance with approved development plan, or pursuant to specific phases of development or development standards; and

(c) Only after the fulfillment of specific conditions.

Section 8. KRS 100.213 is amended to read as follows:

Before any map amendment is granted, the planning commission or the legislative body or fiscal court must find that the map amendment is in agreement with the community's comprehensive plan, or, in the absence of such a finding, that one or more of the following apply and such finding shall be recorded in the minutes and records of the planning commission or the legislative body or fiscal court:

(1) That the original zoning classification given to the property was inappropriate or improper.

(2) That there have been major changes of an economic, physical or social nature within the area involved which were not anticipated in the community's comprehensive plan and which have substantially altered the basic character of such area. *The burden of providing evidence supporting any of the above allegations is on the person proposing the amendment.*

Section 9. KRS 100.237 is amended to read as follows:

The board shall have the *authority* [power] to hear and decide applications for conditional use permits to allow the proper integration into the community of uses which are specifically named in the zoning regulations which may be suitable only in specific locations in the zone only if certain conditions are met:

(1) The authorization by the board of adjustments shall consist of two parts: (a) A statement of the factual determination by the board of adjustments which justifies the issuance of the permit; and (b) A statement of the specific conditions which must be met in order for the use to be permitted.

(2)[(1)] The board may approve, modify, or deny any application for a conditional use permit. If it approves such permit it may attach necessary conditions such as time limitations, requirements that one or more things be done before the request can be initiated, or conditions of a continuing nature. Any such conditions *and factual determination* shall be recorded in the board's minutes and on the conditional use permit, along with a reference to the specific section in the zoning regulation listing the conditional use under consideration. The board shall have power to revoke conditional use permits, or variances for noncompliance with the condition thereof. Furthermore, the board shall have a right of action to compel offending structures or uses removed at the cost of the violator and may have judgment in personam for such cost.

(3)[(2)] Granting of a conditional use permit does not exempt the applicant from complying with all of the requirements of building, housing and other regulations.

(4)[(3)] In any case where a conditional use permit has not been exercised within the time limit set by the board, or within one (1) year, if no specific time limit has been set, such conditional use permit shall not revert to its original designation unless there has been a public hearing. "Exercised," as set forth in this section, shall mean that binding contracts for the construction of the main building or other improvement have been let; or in the absence of contracts that the main building or other improvement is under construction to a substantial degree, or that prerequisite conditions involving substantial investment under contract, in development, or completed. When construction is not a part of the use, "exercised" shall mean that the use is in operation in compliance with the conditions as set forth in the permit.

(5)[(4)] The administrative official shall review all conditional use permits, except those for which all conditions have been permanently satisfied, at least once annually and shall have the power to inspect the land or structure where the conditional use is located in order to ascertain that the landowner is complying with all of the conditions which are listed on the conditional use permit. If the landowner is not complying with all of the conditions listed on the conditional use permit, the administrative official shall report the fact in writing to the chairman of the board of adjustments. The report shall state specifically the manner in which the landowner is not complying with the conditions on the conditional use permit, and a copy of the report shall be furnished to the landowner at the same time that it is furnished to the chairman of the board of adjustments. The board shall hold a hearing on the report within a reasonable time, and notice of the time and place of the hearing shall be furnished to the landowner at least one (1) week prior to the hearing. If the board of adjustments finds that the facts alleged in the report of the administrative official are true and that the landowner has taken no steps to comply with them between the date of the report and the date of the hearing, the board of adjustments may authorize the administrative official to revoke the conditional use permit and take the necessary legal action to cause the termination of the activity on the land which the conditional use permit authorizes.

(6)[(5)] Once the board of adjustments has completed a conditional use permit and all the conditions required are of such type that they can be completely and permanently satisfied, the administrative official,

upon request of the applicant, may, if the facts warrant, make a determination that the conditions have been satisfied, and enter the facts which indicate that the conditions have been satisfied and the conclusion in the margin of the copy of the conditional use permit which is on file with the county clerk, as required in KRS 100.344. Thereafter said use, if it continues to meet the other requirements of the regulations, will be treated as a permitted use.

Section 10. KRS 100.277 is amended to read as follows:

(1) No person or his agent shall subdivide any land, before securing the approval of the planning commission of a plat designating the areas to be subdivided, and no plat of a subdivision of land within the planning unit jurisdiction shall be recorded by the county clerk until the plat has been approved by the commission and the approval entered thereon in writing by the chairman, secretary, or other duly authorized officer of the commission.

(2) No person owning land composing a subdivision, or his agent, shall transfer or sell or agree to sell any lot or parcel of land located within a subdivision by reference to, or by exhibition, or by any other use of a plat of such subdivision, before such plat has received final approval of the planning commission and has been recorded. Any such instrument of transfer, sale, or contract shall be *voidable at the option of the purchaser* [void] and shall not be subject to be recorded, but all rights of such purchaser to damages are hereby preserved. The description of such lot or parcel by metes and bounds in any contract or instrument of transfer or other document used in the process of selling or transferring same shall not exempt the person attempting to transfer from penalties provided or deprive the purchaser of any rights or remedies he may otherwise have.

(3) Any street or other public ground which has been dedicated shall not be accepted by the legislative body until it has received recommendations from the planning commission.

Section 11. KRS 100.293 is amended to read as follows:

When all components of the comprehensive plan which are prescribed under this chapter as a minimum for a planning unit and a public facilities improvement program have been prepared and adopted, the commission and legislative bodies and fiscal courts of the cities and counties shall have the power to prepare and adopt *a public properties* [an official] map regulation. The regulation shall incorporate a map of the entire area under jurisdiction, but it may be accomplished by parts in which case the first part shall be passed as the original regulation and all other parts shall be treated as amendments to the original regulation.

Section 12. KRS 100.297 is amended to read as follows:

(1) The *public properties* [official] map may show, without being limited to, the location and extent of existing and proposed public streets, including rights of way, watercourses, parks and playgrounds, public schools and building sites, and other public facilities needs.

(2) Prior to the adoption or amendment of the *public properties* [official] map, the planning commission shall review the map or changes to it in light of the comprehensive plan, shall hold a public hearing on the map or proposed changes pursuant to public notice as prescribed by KRS chapter 424, and shall recommend its approval or disapproval to the legislative bodies.

(3) After the passage of the *public properties* [official] map regulation for all or part of the city or county, all streets, watercourses, parks and playgrounds, public buildings, public school sites, or other public facilities which have been approved under subdivision regulations as provided in this chapter, shall be posted to the *public properties* [official] map; no public hearing need be held for such additions to the *public properties* [official] map.

Section 13. KRS 100.301 is amended to read as follows:

The passage of the *public properties* [official] map regulation shall not be deemed as opening or establishing of any street, or as a taking or as an acceptance of any land for a street, watercourse, or public ground; nor shall it obligate the city or county to improve or maintain any such street or facility.

Section 14. KRS 100.303 is amended to read as follows:

For the purpose of preserving the integrity of the *public properties* [official] map of the city or county, no permit shall be issued for the construction or material alteration of any building within the lines of any streets, including right of way, watercourse, parks and playgrounds, public schools, or other public building sites shown on the *public properties* [official] map, except as provided in this section. The *public properties* [official] map of a city may include the area outside the city limits over which the approval of subdivision plats is required. Any persons desiring to construct or materially alter a building in the lines of any proposed facility shown on the *public properties* [official] map shall apply to the administrative official of the city or county for a building permit. Unless such application is made and the permit is granted, no person shall recover any damages for the taking for public use of any structure or improvement constructed within the lines shown on the map, and any such structure or improvement shall be removed at the expense of the owner when the land is acquired for public use.

Section 15. KRS 100.307 is amended to read as follows:

If the land shown on the *public properties* [official] map is not yielding a fair return, the board of adjustments shall have the power to grant a permit for the building which will, as little as practicable, increase

the cost of future acquisition, and the board may impose reasonable requirements as a condition of granting such permits. Such a permit shall not be granted when the applicant will not be substantially damaged by placing his building outside the boundary lines of the proposed facility.

Section 16. KRS 100.361 is amended to read as follows:

(1) Nothing in this chapter shall apply or affect zoning regulations adopted pursuant to KRS Chapter 183.

(2) Nothing in this chapter shall impair the sovereignty of the Commonwealth of Kentucky over its political subdivisions. Any proposal affecting land use by any department, commission, board, authority, agency, or instrumentality of state *or local* government shall not require approval of the local planning unit, *except as provided in subsection (3). However, such proposal shall be referred to the Planning Commission for its review in light of agreement with the Comprehensive Plan. The Commission shall, within sixty (60) days from date of its receipt, hold a public hearing on the proposal as required by KRS Chapter 424, review the proposal, and advise the referring body whether the project is in accordance with the Comprehensive Plan and whether the Commission approves or disapproves of the project. If it disapproves of the project, it shall state the reasons for the disapproval in writing and make suggestions for changes which will, in its opinion, better accomplish the objectives of the Comprehensive Plan.* [However, adequate information concerning such proposals shall be furnished to the planning commission by the department, commission, board, authority, agency, or instrumentality of state government.]

(3) The acquisition or disposition of land, or changes in the character, location or extent of structures or land by any department, commission, board, authority, agency or instrumentality of state government for accessory uses must be enacted pursuant to KRS Chapter 100. The commissioner or his representative shall promptly investigate the allegations of unlawful practice set forth in the complaint and shall within five (5) days furnish the respondent with a copy of the complaint. The complaint must be filed with 90 days after the alledged unlawful practice.

(2) The commissioner shall determine within thirty (30) days after the complaint has been filed whether there is probable cause to believe the respondent has engaged in an unlawful practice. A copy of the order shall be delivered to the respondent, and such other public officers and persons as the commission deems proper. Except for the terms of the conciliation agreement, neither the commissioner nor any officer or employe thereof shall make public, without the written consent of the complainant and the respondent, information concerning efforts in a particular case to eliminate an unlawful practice by conference, conciliation, or persuasion whether or not there is a determination of probable cause or a conciliation agreement.

Within thirty (30) days after the service of the complaint upon the commissioner or its filing by the commissioner, or within such further time as the court may allow, the commissioner shall transmit to the court the original or a certified copy of the entire record upon which the order is based. The court shall have power to grant such temporary relief or restraining order as it deems just, and to enter an order enforcing, modifying and enforcing as modified, or setting aside in whole or in part the order of the commissioner, or remanding the case to the commissioner for further proceedings. All such proceedings shall be heard and determined by the circuit court and Court of Appeals as expeditiously as possible and with lawful precedence over other matters.

(3) If the commissioner has failed to issue an order within ninety (90) days after the complaint is filed, the complainant or respondent may petition the circuit court in a county in which the alleged unlawful practice set forth in the complaint occurs or in which the petitioner resides or has his principal place of business for an

order directing the commissioner to take such action. The court shall follow the procedure set forth in subsection (2) so far as applicable.

WHEREAS, Kentucky has taken progressive steps toward providing improved health care for its citizens with the creation of a second medical school in 1956, with the inclusion of the University of Louisville in the state system of Higher Education, with the increasing enrollment at both medical schools, with recruitment of rural and minority students, with the Rural Kentucky Medical Scholarship Fund, with the establishment of Departments of Family Practice, and with the currently proposed Area Health Education Systems; and

WHEREAS, the delivery of primary care adequate to the needs of the people in the various sections of the Commonwealth poses requirements not only for increased numbers and improved distribution of physicians, but also as to the kinds of physicians and related essential other health professionals that are produced in medical and related educational programs of institutions under the cognizance of the Council on Public Higher Education; and

WHEREAS, the Council is engaged in planning to identify and establish objectives, policies and priorities and measures for institutions to meet the manpower requirements for delivery of health care that is adequate and accessible for people in all sections of the Commonwealth; and

with which primary care must be tied-in to be effective; and

WHEREAS, Comprehensive Health Planning at the State and Regional levels has responsibility for and is engaged in developing and applying policies to achieve and effective and balanced health care system in which the parts fit together and work together in an efficient manner; and

WHEREAS, these progressive steps have had positive but insufficient results, for Kentuckians in some areas continue to need improved access to adequate medical care from primary care physicians; and

The examination administered shall not be conducted in a manner that college training is required in order to pass. (2) The board shall give at least one examination of the type prescribed in subsection (1) of KRS 334.070 in each year, and such additional examinations as the volume of applications may make appropriate.

(c) Stage III--the trainee may engage in all activities of a licensed person. He must, however, work under and be responsible to a licensed dealer the following ninety (90) days.

(3) The above stages must be completed with no interim time lapse between stages. In the event the trainee leaves his place of training without approval of his employer, he loses seniority, and must revert to stage I. This ruling is subject to appeal to the board.

the complaint is based. The order shall have annexed thereto a copy of the complaint. The order and copy of the complaint shall be served upon the licensee at least twenty (20) days before the date set for hearing at the last known address. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 311 is created to read as follows:

The General Assembly of the Commonwealth of Kentucky hereby finds and declares:

(1) That it is in the interest of the people of the Commonwealth of Kentucky that every precaution be taken to insure the protection of every viable unborn child being aborted, and every precaution be taken to provide life-supportive procedures to insure the unborn child its continued life after its abortion; and

(2) That currently, in the Commonwealth, there is inadequate legislation to protect the life, health and welfare of pregnant women and unborn human life; and

(3) That it is in the interest of the people of the Commonwealth of Kentucky to maintain accurate statistical data to aid in providing proper maternal health regulations.

Section 2. A new section of KRS Chapter 311 is created to read as follows:

As used in this Act, and laws of the Commonwealth unless the context otherwise requires:

(1) "Abortion" shall mean an act, procedure, device or prescription administered or prescribed for a pregnant woman by any person, including the pregnant woman herself producing the premature expulsion of the fetus, except that in cases in which the unborn child's viability is threatened by continuation of the pregnancy, early delivery after viability by commonly accepted obstretrical practices shall not be construed as an abortion for the purposes of this Act.

(2) "Hospital" shall mean those institutions licensed in the Commonwealth of Kentucky pursuant to the provisions of Chapter 216 of the Kentucky Revised Statutes.

(3) "Consent" as used in this Act with reference to those who must give their consent shall mean an informed consent expressed by a written agreement to submit to an abortion on a written form of consent to be promulgated by the State Board of Health.

(4) "Physicians" shall mean any person licensed to practice medicine in the Commonwealth in accordance with the provisions of Chapter 311 of the Kentucky Revised Statutes.

(5) "Viability" shall mean that stage of human development when the life of the unborn child may be continued by natural or life-supportive systems outside the womb of the mother.

(6) "Accepted medical procedures" shall mean procedures of the type performed in the manner and in a facility with equipment sufficient to meet the standards of medical care which physicians engaged in the same or similar lines or work, would ordinarily exercise and devote to the benefit of their patients.

Section 3. A new section of KRS Chapter 311 is created to read as follows:

After the first trimester, every physician who performs an abortion, shall, before the performance of the abortion inform the expectant mother of the reasonably possible physical and mental consequences of the performance of the abortion or the nonperformance of the abortion.

Section 4. A new section of KRS Chapter 311 is created to read as follows:

Before an abortion may be performed, consent to the performance of such abortion shall be given by the following individuals:

(1) In all cases consent shall be given by the woman upon whom the abortion is to be performed.

(2) If the woman upon whom the abortion is to be performed is married at the time of the performance of the abortion, consent shall be given by her husband.

(3) After the first trimester, if the pregnant woman is unmarried and under eighteen years of age, consent shall be given by either of her parents, her guardian or other responsible agency having legal custody

of the pregnant woman.

Section 5. A new section of KRS Chapter 311 is created to read as follows:

Subject to the provisions of Section 6 (1) of this Act, no person other than a licensed physician shall perform an abortion.

An abortion may be performed in this state only under the following circumstances:

(1) During the first trimester of pregnancy by a woman upon herself upon the advice of a licensed physician or by a licensed physician.

(2) After the first trimester of pregnancy, except in cases of emergency to protect the life or health of the pregnant woman, where an abortion is permitted under other provisions of this Act, by a duly licensed physician in a hospital or clinic having sufficient minimal facilities and equipment to insure the maximum safeguard of a patient. Such facilities utilized in the performance of abortion shall be equipped with a blood bank or a sufficient supply of whole blood immediately available and shall have: facilities for rhesus factor (RH) testing; analgesia and anesthesia service; sufficient resuscitation equipment to treat the unconscious patients with cardiovascular collapse; facilities to provide adequate preoperative and postoperative care; and such other equipment and facilities as may be prescribed by the State Board of Health.

Section 7. A new section of KRS Chapter 311 is created to read as follows:

After the first trimester no person shall perform the form of abortion known as the saline method of abortion.

Section 8. A new section of KRS Chapter 311 is created to read as follows:

No abortion shall be performed or prescribed knowingly after the unborn child may reasonably be expected to have reached viability, except when necessary to preserve the life or health of the woman. In those instances where an abortion is performed under this section, the person performing the abortion shall take all reasonable steps in keeping with reasonable medical practices to preserve the life and health of the child, including but not limited to Section 6 (2) of this Act.

Section 9. A new section of KRS Chapter 311 is created to read as follows:

Any child which is live born after an attempted abortion shall be fully recognized as a human person under the law and a birth certificate shall be issued certifying the birth of said live born person even though said person may die thereafter. In the event death does ensue, a death certificate shall be issued. Both the birth and death certificates shall issue as required by KRS Chapter 213.

Section 10. KRS 199.600 is amended to read as follows:

(1) In a proceeding involving a neglected or abandoned child, as defined in KRS 199.011, the circuit court may terminate all parental rights of the parents of such child, and declare the child to be a ward of the state, and may vest the care, custody and control of the child in the department, or in any licensed child-caring or child-placing agency or institution, if facilities are available to receive the child, if it is pleaded and proved in a private hearing that the parents have abandoned or deserted the child, or have substantially or continuously or repeatedly neglected the child or refused to give the child parental care and protection, or that the child is neglected and that the parents have been adjudged mentally incompetent and such judgment has been in effect for not less than one year.

(2) If the circumstances described in subsection (1) of this section exist with respect to only one of the two legitimate parents, the parental rights of that parent may be terminated, in which case the child shall not be declared to be a ward of the state, unless with the voluntary consent of the other parent, or if one of the two legitimate parents has willfully, substantially and continuously refused for a period of at least one year to give or pay any support, the parental rights of that parent may be terminated immediately by order of the court, in which case the child shall not be declared a ward of the state, unless with the voluntary consent of the other parent.

(3) In an action to terminate parental rights under this section the parents, if the child is legitimate, or the mother if the child is born out of wedlock, must be personally summoned; or where personal service cannot be made, must be constructively summoned as provided in the Rules of Civil Procedure.

(4) In the event the infant is made party defendant to the action, the boarding home or foster parent shall not be served with summons notwithstanding provisions of CR 4.04 (3).

(5) The court may be convened at any time wherever the judge thereof may be found within this district, irrespective of the regular term for the purpose of terminating parental rights under this section, and shall complete the same as soon as possible.

(6) Proceedings under this section may be instituted upon petition by the department, any probation officer, any state or local law enforcement officer, any county or Commonwealth's attorney or parent.

(7) In the event a parent who is a defendant in an action for involuntary termination of parental rights is for financial reasons unable to obtain legal representation, the court shall appoint an attorney for such person if defendant requests counsel. The court may appoint counsel for any defendant under this statute if in the opinion of the court justice will be served. Unless the attorney appointed receives a salary or fee from another source, he shall be paid a reasonable fee for his services which shall be taxed as costs not to exceed

$150.

(8) Unless one or both parents object thereto in writing within ten days after an abortion results in a live birth, the live born person shall become an abandoned ward of the state and the mother and father of such person shall have no parental rights or obligations whatsoever as relates to the abandoned, the same as if parental rights had been terminated pursuant to the provisions of KRS Chapter 199.

No physician, nurse staff member or employe of a hospital or other health care facility, who shall state in writing to such hospital or health care facility his objection to performing, participating in, or cooperating in, abortion on moral, religious or professional grounds, be required to, or held liable for refusal to, perform, participate in, or cooperate such abortion.

(2) It shall be an unlawful discriminatory practice for the following:

(a) Any person to impose penalties or take disciplinary action against, or to deny or limit public funds, licenses, certifications, degrees, or other approvals or documents of qualification to, any hospital or other health care facility due to the refusal of such hospital or health care facility to perform or permit to be performed, participate in, or cooperate in, abortion by reason of objection thereto on moral, religious or professional grounds, or because of any statement or other manifestation of attitude by such hospital or health care facility with respect to abortion; or,

(c) Any public or private agency, institution or person, including a medical, nursing or other school, to deny admission to, impose any burdens in terms of conditions of employment upon, or otherwise discriminate against any applicant for admission thereto or any physician, nurse, staff member, student or employe thereof, on account of the willingness or refusal of such applicant, physician, nurse, staff member, student or employe to perform or participate in abortion or sterilization by reason of objection thereto on moral, religious or professional grounds, or because of any statement or other manifestation of attitude by such person with respect to abortion or sterilization if that health care facility is not operated exclusively for the purposes of performing abortions or sterilizations.

HB 650, AN ACT relating to the financing of pollution control facilities for industrial concerns and utility companies by cities and counties.

WHEREAS, the operations of many industrial concerns and utility companies produce atmospheric, solid waste and water pollution, which pollution is detrimental to the health and welfare of the citizens of the Commonwealth of Kentucky, and injurious to the natural resources of the Commonwealth, and it is in the public interest that to the maximum extent possible such atmospheric, solid waste and water pollution be controlled, contained, reduced, abated and prevented; and

WHEREAS, cities and counties in Kentucky, pursuant to KRS 103.200 to 103.285, are presently vested with authority to issue tax-exempt bonds for the financing of certain pollution control facilities, such bonds being payable solely and only from revenues received from the leasing of such facilities to industrial concerns, but said cited statutory authority does not presently permit the financing of all pollution control facilities which may legally be financed by tax-exempt bonds pursuant to the provisions of Section 103 (c) of the Internal Revenue Code of 1954, as amended, and does not permit cities and counties to utilize all financing procedures capable of being utilized under said Code, and in order that atmospheric, solid waste and water pollution by industrial concerns and utility companies may be controlled, contained, reduced, abated and prevented to the maximum possible extent, it is necessary that alternative procedures be adopted and authorized to enable cities and counties to finance needed pollution control facilities to the full extent authorized by Federal law.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 103 is hereby created to read as follows:

(1)(a) The term "pollution control facilities" means any land, building, structure, machinery, equipment, device, system or facility functionally related thereto designed for the control, containment, reduction, prevention or abatement of atmospheric pollutants or contaminants, solid waste, noise, radiation, or water pollution produced by industrial concerns and utility companies, including, but not by way of limitation, any such facilities used in whole or in part to control, contain, reduce, prevent or abate atmospheric, solid waste, noise, radiation, or water pollution by removing, altering, containing, disposing or storing pollutants, contaminants, wastes, whether gaseous, solid or liquid, thermal or radioactive. Said term includes all pollution control facilities whenever constructed, reconstructed, purchased, leased or otherwise

acquired and placed in use, which may legally be financed by issuance of bonds determined to be tax-exempt pursuant to the provisions of Section 103 (c) of the Internal Revenue Code of 1954, as amended, and regulations promulgated thereunder. Pollution control facilities may be constructed as part of, and may include, facilities also designed for the recovery of chemicals or other by-products or to serve other purposes which also contribute to the control of or abatement of atmospheric, solid waste and water pollution.

(b) The term "industrial concern" means any domestic or foreign corporation, company, partnership, association, rural electric cooperative corporation, or any other legal entity.

(2) It is hereby determined and declared that the acquisition and financing of pollution control facilities for utilization by industrial concerns and utility companies by the issuance of bonds of cities and counties amortized by payments made by such industrial concerns and utility companies inures to the public interest, and constitutes the performance of a proper governmental purpose. It is the intent of this section to afford to cities and counties alternative methods of financing pollution control facilities to the end that atmospheric, solid waste and water pollution in the Commonwealth may be abated and controlled to the maximum possible extent.

(3) As an alternative to the procedure set forth in KRS 103.200 to 103.285, inclusive, any city or county, for the purpose of financing the acquisition of pollution control facilities for any industrial concern or utility company, may issue negotiable bonds pursuant to KRS 103.200 to 103.285, inclusive, and either (a) loan the proceeds from the sale of such bonds to an industrial concern or utility company to finance the acquisition of such pollution control facilities, (b) sell such pollution control facilities to an industrial concern or utility company pursuant to agreement, or (c) lease such pollution control facilities from an industrial concern or utility company and sublease same to such industrial concern or utility company. In the event of use of such alternative financing procedure, such bonds shall not constitute an indebtedness of such city or county within the meaning of the Constitution of Kentucky, but shall be payable as to principal and interest solely from the revenues derived from payments, repayments, or sublease payments made by such industrial concern or utility company to such city or county in respect of such loan, sale or sublease.

(4) In the event that an alternate procedure authorized by this section is to be utilized in the financing of pollution control facilities, (i) the provisions of KRS 103.200 to 103.285, inclusive, shall apply, except that the proceedings and procedures therein described shall contemplate and authorize a transaction in the form of (a) a loan of the proceeds from the sale of such bonds by such city or county to an industrial concern or utility company for the acquisition of such pollution control facilities, (b) a sale of such pollution control facilities to an industrial concern or utility company pursuant to agreement, or (c) a lease of such pollution control facilities from an industrial concern or utility company and sublease of same to such industrial concern or utility company; and (ii) the loan, sale lease and sublease and any agreement or contract with respect thereto may include such provisions as such city or county shall deem appropriate to effect the securing of the financing undertaken in respect of such pollution control facilities, including, but not by way of limitation, (a) the pledge of the general credit of any such industrial concern or utility company, (b) the making of guarantees to an indenture trustee or to such city or county in respect of amortization of such bonds by any such industrial concern or utility company, (c) the creation of liens of security interests on any property or portion thereof of any such industrial concern or utility company, either senior or junior to, or ranking equally with, any other lien, security interest or rights of others, including any party or parties to any agreement in connection with such financing and/or its or their respective security holders and indenture trustees or mortgage trustees, and (d) the pledge of other direct securities of such industrial concern or utility company in respect of such bonds.

(5) In the event any city or county shall finance pollution control facilities pursuant to the express authority contained in this section, title to such pollution control facilities shall not be acquired by such city or county in the case of a loan or lease transaction, and, in the case of a sale transaction, title may pass at any time, and the statutory mortgage lien for which provision is made in KRS 103.250 shall not apply to any such pollution control facilities.

(6) Bonds issued by cities and counties pursuant to the authority contained in this section may be caused to mature as to principal in term or serial maturities not to exceed thirty (30) years from date of issue.

Agreed.

(2) The [county] school district board of education shall conduct a public hearing at the place and on the date advertised for the purpose of hearing comments and complaints regarding the proposed request and explaining the reasons for such proposal.

The fiscal court may require *the* [each] board of education to make an annual certification as to the need and necessity for the continuance of the current tax. *In the event that more than one board of education within a county has one of these taxes in effect, each board of education desiring a tax rate reduction shall provide an individual certification of the tax rate reduction desired for that district.*

Section 4. KRS 160.644 is amended to read as follows:

The position of [county] finance officer may be full-time or part-time, and his compensation shall be fixed by the fiscal court. No elected official shall be appointed to the position of [county] finance officer. [but such officer may be the county treasurer or the county auditor. The fiscal court shall furnish suitable office facilities for the county finance officer and may provide such additional space and personnel as may be necessary.]

(2) In the event that the same tax is levied by two or more districts in the county, the finance officer shall serve in this same capacity for all districts levying the tax.

Section 6. KRS 160.597 is amended to read as follows:

Any order or resolution of a fiscal court levying a school tax authorized by KRS *160.593 to 160.597, 160.601 to 160.633, 160.635 to 160.648* [160.605 to 160.611, 160.613 to 160.617, 160.621 to 160.633] may be recalled as *follows:* [provided in subsections (2) and (3) of KRS 160.485.]

(1) The order or resolution of the fiscal court levying any of the school taxes designated heretofore in this section shall go into effect not less than thirty (30) days nor more than ninety (90) days after its passage by the fiscal court. If during the thirty days immediately following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to fifteen per cent of the votes cast in the school district requesting the tax levy for the office receiving the greatest total vote at the last preceding presidential election is presented to the fiscal court protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (2) of this section. In the event that more than one school district within a county has requested the tax levy, a separate petition meeting the requirements herein must be filed for each school district. The fifteen per cent requirement must be met in each respective participating school district. Each sheet of the petition shall contain the names and addresses of voters in but one voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 117.630 or subsection (2) of KRS 117.720, as the case may be. If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The board or boards of registration in the county shall provide necessary and appropriate aid to the fiscal court so that the latter body may make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(2) Thereupon, the fiscal court shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (1) of this section at the next regular November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district upon the question oppose its passage, the order or resolution shall not go into effect in that district. If a majority of the votes cast in a district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one school district within a county the votes shall be counted separately.

(3) In the event that the order or resolution includes more than one school district within a county and a valid recall petition has not been filed as required by this section against one or more of these school districts, the levy may be made in that school district or districts without regard to any recall petition pending or voted thereon in another school district within the county.

(1) The school tax authorized by KRS 160.605 shall be at a single uniform rate not to exceed one-half of one per cent (.5%) and shall continue from year to year until changed as prescribed in KRS 160.635.

(2) Any county having 300,000 or more inhabitants is authorized to increase the school tax rate to exceed the maximum set in subsection (1) of this section by one-quarter of one per cent (.25%) [for a period of two (2) years only].

Representative Dunn filed the following Minority Report of the Conference Committee on **SB 206** endorsed by Representative Dunn and Senator Stuart.

The minority position is as follows:

(1) The amount of financing needed by the school systems is wholly undeterminable at this time.

(2) Because of the issues presently surrounding the educational systems of Louisville and Jefferson County we feel that the public will reject any attempt by the school boards to impose a new tax or taxes.

This would then leave the educational systems completely defeated, in need of guidance and with their problems compounded. At this point the school systems would have to look to a special session of the legislature for assistance. We feel that it is in order at this time to extend the 3/4% occupational tax. When the other pressing problems now confronting the school systems are resolved, and financial need for the systems can be definitely determined, it will then be in order to consider the need for more taxes, if indeed they are needed at all.

Payment of this annuity shall be made during disability of the member. Upon death of the member, if an eligible widow or minor children survive, such survivors shall be entitled to the regular annuities provided under KRS 95.861.

(2) Any annuity for nonoccupational disability shall begin to accrue upon the expiration of ninety (90) days following the commencement of disability provided that if the member is receiving salary for sick leave for a period of more than ninety (90) days, payment shall accrue from the date such salary ceases. If written application for such annuity shall not have been filed with the board prior to the expiration of ninety (90) days from the date of disability, the annuity shall begin to accrue from the date the application shall be filed but not prior to the expiration of ninety (90) days from the date of disability, nor in any event prior to the time when salary payments to the employe shall have ceased.

Representative Lindsay filed the following Minority Report on **HB 314:**

First let me point out that the amendments recommended to **HB 314** by the Majority Report are sorely needed and do substantially improve the bill. However the undersigned submits that there should have been two additonal changes made in the bill.

The first change should have been in Section 6 wherein a person seeking no-fault instead of having to reject it with the Commissioner of Insurance by filing a written rejection with that Department should have been allowed to consent to taking no-fault. This change was submitted by the undersigned in the Free Conference Committee but was rejected.

By allowing a person to affirmatively consent to no-fault the consumer would then clearly know what coverage he had and the consequence of his act. By having to affirmatively reject no-fault it is my fear that many consumers will ultimately end up with no-fault when they do not in fact want it.

The second change that should have been made in the Free Conference Committee Report on **HB 314** would have been in Section 33 which would have mandidated that the imposed rate reduction could not have been increased for a period of two years.

The purposes for this change would have meant that the rate reduction would remain in effect until July of 1977 before the insurance companies could have gotten an increase in rates. Therefore any rate increase allowed by the Commissioner of Insurance would only be in effect for 6 months before the legislature met in 1978 and could at that time reconsider this law.

The undersigned respectfully submits this Minority Report and asks for its adoption.

Representative Lindsay moved that the Minority Report be adopted as part of the Majority Report on **HB 314.**

The Speaker ruled Representative Lindsay's motion out of order.

Representative Lindsay moved that the Minority Report on **HB 314** be substituted for the Majority Report on **HB 314.**

The Speaker vacates the Chair.

Representative Reynolds assumed the Chair.

On the roll call the vote was yeas 53-Arnold, Bennett, Benson, Beshear, Blandford, Blume, Bruce, Burch, Chandler, Clarke, Crupper, Davis, DeMarcus, Denham, Dietz, Donnermeyer, Dunn, Foster, Givhan, Graves, Guenthner, Hancock, Hellard, Hopkins, Hughes, Kafoglis, Karem, Kidd, Kleier, Lewis, Mann, May, McBee, McBride, McGill, Nett, O'Brien, Overstreet, Pearman, Paxton, Quickert, Reynolds, Richardson, Sale, Stephens, Swinford, Troop, Vincent, Watkins, Wells, G. Dear Mr. Speaker:

The House of Representatives and Senate have notified me that the business of the 1974 Regular Session of the General Assembly has been concluded. I have no other message to deliver to the Legislature.

I would like to take this last opportunity, personally, to offer my congratulations to the ladies and gentlement of the General Assembly for the progessive legislation sent to my desk. I sincerely believe that, after these three months of strenuous effort, each and all of you have contributed to the betterment of the Commonwealth.

When the General Assembly meets, it is the Commonwealth, and the obligations of your office never have been better fulfilled than in these last eight years when it has been my privilege to work with you for the people of Kentucky.

Sincerely,

s/Wendell Ford
Governor

The Honorable Norbert Blume

VETO MESSAGES

(Spread Upon the Register of the Secretary of State after Sine Die Adjournment).

HB 22. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 22 because in various instances invasion of personal and business privacy would result, and certain economic activities would be jeopardized. This bill contains no exemptions for protection of pupil school records, certain financial and tax statements required of individuals and businesses, and negotiation records necessary for economic development in Kentucky communities. It would allow any individual, regardless of motive, to inspect these and other records on file with state and local agencies or school districts not specifically closed by law, thus constituting invasion of privacy and therefore placing innocent parties in an untenable position for which there should be no reason under our democratic system of government with its emphasis on the protection of the rights of the individual.

HB 174. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 174 because of the vagueness of criteria in the bill and because in its present form this proposal would pose grave administrative problems, particularly with respect to the Human Rights Commission and its relationship with all licensing agencies of state government.

HB 229. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 229 because it would complicate the jurisdiction in our Inferior Courts, which jurisdiction is already complicated. House Bill 229 would grant to new Small Claims Divisions in the Quarterly Courts jurisdiction up to $200. Magistrates have jurisdiction up to $500. County Judge under existing legislation has ample authority to appoint trial commissioners for specific purposes and could establish a Small Claims Division in Quarterly Court. In addition, the people of Kentucky will vote in November, 1975 on a constitutional amendment for the establishment and administration of all courts. The necessity for this legislation in light of the pending referendum is questionable.

HB 384. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 384 because it threatens the loss of federal funds. If planning and zoning are terminated, federal funds for flood control, sewer and water programs, and other federal programs will be lost. The bill also probably would have an adverse effect on participation of Kentucky communities in the National Flood Insurance Program and the Federal Disaster Act of 1973.

HB 450. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 450 because the Financial Disclosure Law has only been in operation for two years and should be given a longer opportunity to prove itself. In addition, the Registry of Election Finance advises me that the deficiencies in KRS 61.740 are not cured by this bill.

HB 456. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 456 because it is either, (a) unconstitutional, or (b) unnecessary. The General Assembly cannot delegate authority which it itself does not possess. If Sections 59, 60 and 61 of the Constitution require a local option election to effect any changes in the application of local option legislation within a county or municipality, then the bill is unconstitutional and attempts to permit local governments without a vote of the people to do what the General Assembly itself cannot do. If Sections 59, 60 and 61 of the Constitution do not require a local option election to permit Sunday sales in a wet-voted territory, then the General Assembly already has granted the fiscal courts and legislative bodies in wet territory this authority under the provisions of 1972 home rule legislation and under the provisions of Chapter 18 of the 1972 Acts which gives fiscal courts and cities exclusive power to enact ordinances or orders permitting and regulating retail sales on Sunday.

HB 570. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 570 because the public interest is best served by continuation of the detailed advertisement of accounts of city officers.

HB 604. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 604 because Senate Bill 112, enacted into law, makes public airport authority security officers eligible for participation in law enforcement training programs. In addition, other amendments in House Bill 604 to KRS 15.310 and 15.340 are in conflict with amendments to these sections made in Senate Bill 112.

HB 671. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 671 because it is contrary to the provisions of Sections 143 and 160 of the Constitutions of the Commonwealth of Kentucky which provide for police courts and police judges in cities and towns.

HB 751. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 751 because it is discriminatory regarding teachers. If this bill were allowed to become law, teachers would not receive pay or expenses for attending professional meetings which, in many cases, they are required to attend.

HB 813. By the authority granted in Section 88 of the Kentucky Constitution, I am vetoing House Bill 813 because certain provisions of the bill are contrary to the provisions of the Kentucky Constitution. The bill specifies that: "Reports filed pursuant hereto shall have the effect of law, and shall supersede any statutory provisions for payments to members of the General Assembly." This is directly contrary to Section 60 of the Constitution which reads in part: "No law, except such as relates to the sale, loan or gift of vinous, spirituous or malt liquors, bridges, turnpikes or other public roads, public buildings or improvements, fencing, running at large of stock, matters pertaining to common schools, paupers, and the regulation by counties, cities, towns or other municipalities of their local affairs, shall be enacted to take effect upon the approval of any other authority than the General Assembly, unless otherwise expressly provided in this Constitution." This provision in Section 60 is the single greatest safeguard to legislative independence, and reaches to all legislation including those matters affecting the operation of the General Assembly itself.
